

FAR EAST QUESTIONS WAIT ON JAPAN

COUNTRY'S DELEGATES ARE UNPREPARED FOR AN EXCHANGE OF VIEWS

Not Ready to Reply to China's Declaration of Rights—Also Formally Expresses a Desire to Modify the American Plan of Naval Limitation—America in Accord with China

WASHINGTON, Nov. 17.—The Far Eastern negotiations await the reply of Japan to China's declaration of rights, and the American move for limitation of naval armament is slowing up because of objections raised both by Japan and Great Britain.

Discussion of the far eastern problems, which for the moment are in the fore of the arms conference, were advanced by the big nine today to the point of an agreement that a general exchange of views on China's program should precede any consideration of specific points. Such a general presentation of views Japan was unprepared to make and the big nine adjourned until Saturday.

Meantime Japan made known formally her desire to modify the American plan of naval limitation so as to give her "slightly greater" relative strength and the opposition of the British to the submarine quota suggested by the United States gave evidence of such determination as to attract the attention of the whole body of delegates.

FORD-NEWBERRY CASE IS CAUSE OF LIVELY TILTS

Pomerene Attacks Republican Methods in Address

WASHINGTON, Nov. 17.—The Democratic attack on the proposal to declare Truman H. Newberry, the duly elected senator from Michigan, in the contest launched by Henry Ford, his opponent in the 1918 election, was opened in the senate today by Senator Pomerene of Ohio, ranking Democrat on the privileges and elections committee. In a four hour speech the Ohio senator assailed Republican methods and declared that the Democratic senators, declaring they planned to deny the Ford claims by political rather than judicial decision.

The Ohio senator at times called attention to the many empty seats on the Republican side adding once that "I guess the Republican senators do not care to be told the truth."

The privileges and elections committee, he declared, had blocked every effort he had made to have Mr. Newberry himself come before it.

Turning to the Republican side he inquired why there had been no effort to tell what the defense of this "quasi senator" was against the charges filed. He also discussed the testimony of witnesses before the committee in an attempt to show that they had not told the whole story and that the committee had reported the resolution to deny the Ford claims without gathering all the evidence available.

Chairman Spencer of the privileges and elections committee interrupted many times to demand explanations of statements made by the Ohio senator and these interruptions usually led to acrimonious exchanges in which several senators participated.

RANGERS AND MINERS CLASH

TRINIDAD, Colo., Nov. 17.—One minor clash between the forces of the Colorado State Rangers and the striking miners marked the first day of the strike of the Colorado Fuel & Iron company in their southern Colorado mines.

At Frederick a ranger and a striker, Frank Alsace, came to blows when Alsace who had been picketing was told by the ranger to stop.

Tonight union representatives repeated their previous statement that men who worked in the mines today will not go back to work tomorrow and that the tieup will be complete in this district. On the other hand, C. F. & I. officials said more men may be expected to work tomorrow.

THE WEATHER

ILLINOIS: Unsettled Friday and Saturday, probably rain; somewhat colder Friday.

Temperatures.

The current maximum and minimum temperatures as recorded Thursday were:

7 p. m. High. Low.	
Jacksonville, Ill.	53 33
Roseton	52 30
Buffalo	60 42
New York	54 40
Jacksonville, Fla.	70 82
New Orleans	74 84
Chicago	57 65
Detroit	58 60
Omaha	32 34
Minneapolis	30 32
Helena	26 30
San Francisco	54 53
Winnipeg	24 28
Cincinnati	62 66

HARDING'S WISHES ARE NOT REGARDED ON TAX REVISION

House Accepts Senate Amendments on Surtax Rate

WASHINGTON, Nov. 17.—Disregarding the expressed wish of President Harding, the house voted today, 291 to 173, to accept the senate amendment to the tax revision bill fixing the maximum income surtax rate at 50 per cent on incomes of \$200,000 or more.

Ninety-four Republicans, most of them from the middle and far west, joined with the practically solid Democratic minority in supporting the amendment. Among the majority members supporting the amendment were Chairman Campbell, of the rules committee; Representative Green of Iowa, ranking Republican on the ways and means committee and Chairman Haugen of the agriculture committee.

The letter written by President Harding to Chairman Fordney was in part as follows:

"My Dear Mr. Fordney: 'I still believe the rate approved by the house to be nearer to a just levy and the more promising one in returns to the public treasury.'

The responsible administration is anxious, first of all to lay the necessary taxes to meet the demands of the treasury. There is a moral obligation, however, in the party on power to do everything possible to keep faith with promises made to the public.

'We have been collecting the highest surtax on incomes, levied at this time in all the world. The effect has been the restriction of the easy flow of capital in the channels most essential to our normal and very necessary activities. No one challenges the levy of the higher tax in the stress of war but now we are struggling for the readjustments of peace.

'Where there is so wide a difference in the judgment of the two houses, I have thought it might be possible, and wholly desirable to reach an equitable compromise, raise a maximum surtax levy of 40 per cent. This would put the higher federal tax on income at a total of 48 per cent which would measurably meet the expectations of those who are, above all else concerned with the return of hopeful investment of capital and the application of our capital resources to profitable productivity.

'I am wholly confident that the helpful results spreading there from to every active participant in our industrial and economic life, from management to every wage earner, would be vastly more advantageous to our people than the maintenance of war time levies as peace time penalties on capital which are certain to hamper the restoration of our activities for which we all so much hope.

'Manifestly the prohibitive surtax tends to divert our available and much needed capital from employment in our every day activities to investments in tax free securities. The records show that it is making a continued diminution to our receipts from income taxes and it is making more difficult the normal financing of every sort of essential activity and is emphasizing the tendency to turn to the government for that paternalistic relief of both industry and agriculture which has no rightful place in a peace time policy.'

MODIFICATION IS ASKED BY JAPAN OF NAVAL PROGRAM

Wants to Maintain Any Vessel of Defensive Type

WASHINGTON, Nov. 17.—Admiral Baron Kato head of the Japanese delegation to the arms conference announced today that Japan would ask modification of the American naval limitation program which would permit Japan to maintain a "general tonnage slightly greater than sixty per cent" of that of each of the other two powers.

Japan also would ask, Baron Kato said, for the right to maintain any type of vessel of strictly defensive character with tonnage approximating that maintained by the other two powers.

Baron Kato would not give details as to the modifications his delegation would submit. It was assumed generally, however, that the slightly greater general tonnage the Japanese desired would include the battleship Mutsu, probably just commissioned, and that the type of defensive vessel referred to was a light cruiser, suitable for patrolling the waters of the orient against pirates and the like.

If the Mutsu is later added to the ships Japan is to retain, she will make the second 16 inch gun ship for Japan and it was assumed that if this was granted, the American delegation would desire to retain the West Virginia of similar characteristics to be launched next Saturday.

HANOVER CASHIER IS INDICTED

CHICAGO, Ill., Nov. 17.—Leo Kopland, cashier of the Hanover Loan State Bank was indicted today by a grand jury in Davies county circuit court for embezzlement. Kopland, with Lewis Minnie, former cashier of the Port Bryn bank were also indicted jointly for forgery. Both were arraigned and pleaded not guilty and each was placed under bond of \$5,000, the men to be released when the bonds are accepted by the court. Trial was postponed until the February term of court.

ROCKFORD MAN ROBBED IN CHICAGO

CHICAGO, Nov. 17.—Abram Gould, a merchant of Rockford, Ill., was stopped by two armed colored men tonight at East Fifty Fourth street and Drexel avenue and robbed of \$21, two diamond rings valued at \$1,200 and a watch and chain valued at \$150.

Police officers found Gould standing in the middle of the street with his hands in his empty pockets bemoaning the loss of his valuables.

Condensed Telegraphic News

SAVANNAH, Ga., Nov. 17.—Delegates to the Atlantic Deep-sea Waterways Association in convention here today heard the annual address of President Mayor J. Hampton Moore, of Philadelphia, and discussed Atlantic Coast Waterways, including the port of the Savannah and the Hudson River.

ALBUQUERQUE, N. M., Nov. 17.—A youth giving the name of Joseph Rillo, was arrested here early today, suspected of being Andrew Rolando, wanted at Lead, S. D., for the murder of the Rev. A. S. Belknap, Catholic priest on Oct. 26, last.

The boy, who was taken from an Atchison, Topeka and Santa Fe railway train, denied he is Rolando. Police are holding him for further investigation.

TAMORVILLE, Ill., Nov. 17.—Reported arrest of a man named Greenleaf suspected of having had part in the \$95,000 Kincaid mine pay roll robbery, drew Sheriff Dunbar of Christian county to St. Louis this morning to attempt identification. The sheriff was accompanied by Cashier Jones of the Kincaid state bank.

SPRINGFIELD, Ill., Nov. 17.—The City of Rockford has grown faster than its street car system, according to an application of the Rockford City Traction company, filed with the Illinois Commerce Commission today asking that the company be given the right to supplement its electric system with motor bus service. The company declared it was financially unable to extend its tracks.

SYRACUSE, N. Y., Nov. 17.—Henry Allen Peck, vice-chancellor of Syracuse University, died this morning, as a result of heart disease, which had confined him to his bed since Sunday.

He was born in 1863 in Mexico, Oswego county, New York.

PARIS, Nov. 17.—The French cabinet decided today that the ministry of foreign affairs should be charged with all questions dealing with preparations for the Olympic games of 1924, which have been awarded to Paris.

ROCKFORD, Ill., Nov. 17.—Circumstances surrounding a mysterious explosion and fire which wrecked a local cafe early this morning and caused probably fatal injuries to Evans Sroton, night manager of the restaurant, caused the local authorities to summon John G. Gamber, state fire marshal, to make an investigation.

PAID GRAFT TOLL ON NEW BUILDINGS SEN. DAILEY SAYS

Peoria Man Attributes the Shortage of Houses to This

CHICAGO, Nov. 17.—Scarcely a building has been erected in Chicago in the past two years without the imposition of graft, Senator John Dailey, chairman of the legislative committee investigating the building conditions here declared today in an address before a joint session of the American Civic association and the national municipal league of the University of Chicago.

Senator Dailey attributed the shortage of housing facilities to the "prevalence of graft and illegal combinations all along the line."

This increases building costs, at least 30 per cent, he asserted. The violation of the Landis building trades award, he characterized as indicative of "moral leprosy."

Financing he asserted, had probably done more to hinder building than any other one thing.

"Some of the bankers in Chicago should take the bank signs off their windows and put of the traditional 'three balls' he said, "but added that highly speculative loans and extortionate interest formerly part of the evil."

J. Horace McFarland of Harrisburg, Pa., president of the civic association, in an address tonight asserted that city zoning was simply good house keeping applied in a larger sense and that each city should "keep house."

ST. LOUIS, Mo., Nov. 17.—Harry Greenberg and James Prendergast, suspected of complicity in the \$95,000 payroll robbery at the Kincaid mine, near Taylorville, Ill., August 13, were released by police this afternoon after Sheriff Dunbar of Christian county, Illinois, and Cashier Jones of the Kincaid State bank failed to identify them as participants in the robberies.

BASEBALL COACH HAS RESIGNED

CHICAGO, Nov. 17.—George Sawtelle, for two years, baseball and wrestling coach and assistant football coach at Northwestern university, resigned today to go into business in Texas.

INVITATION FOR THE CONFERENCE HARDING'S WORK

Furnished Big Ideas Around Which Proposals are Built

WASHINGTON, Nov. 17.—Who formulated and executed the call for the armament conference? Who evolved the American proposals for naval limitation? The country has been asking these questions for the last week and answers, "The best 'inside story' in Washington today has all the earmarks of being the correct answer."

President Harding, on one of his week-end cruises down the Potomac early this autumn, so the story runs, looked himself in his stateroom one evening and left word that he did not wish to be disturbed. A little later he called to his room, one by one, some of the close friends of public life who had accompanied him and laid before them some of the papers on which he had written something they all read with the greatest interest.

It was the invitation to the nations to attend the arms conference.

After some conference among the party, it was decided to forward the text to Secretary Hughes and the yacht, Mayflower laid up for the night in the still waters of a secluded cove in the reaches of the river, buzzed off from her wireless to the state department, the words which later were to ring round the world.

The evolution of the concrete American proposals for naval limitation—Secretary Hughes' bomb shell—also heard around the world at the first session, is still another story.

Some admirers have ascribed to Secretary Hughes alone, while some other persons have declared that they were the composite effort of the four American delegates, of whom Mr. Hughes is one. It is known of course, they were based on memoranda called from the navy department and carried into execution by the American big four which Secretary Hughes heads.

But the "big idea," on which the plan is built, the "inside story," says, comes from President Harding.

WOMAN SAVES SAFE IN NURSES' CLUB

NEW YORK, Nov. 17.—Escaping from wire bonds with which she had been tied in a chair Mrs. L. D. Grumpy, night clerk at the Central Club of Nurses today foiled the efforts of five masked bandits who attempted to rifle the club safe.

When Mrs. Grumpy was confronted by four of the robbers, all with revolvers leveled at her head, she fell in a faint, recovering a few minutes later to find herself bound hand and foot to her chair.

After struggling for nearly half an hour, she managed to free one of her hands. It was a matter of a few minutes to release the other strands of wire. Then Mrs. Grumpy tiptoed across the room, climbed thru an open window and leaping down to the areaway outside, went in search of a policeman.

When she returned with the policeman the robbers had disappeared her escape and fled leaving their safe-cracking job half done.

EXPERTS VIEWS VARY ON HUGHES PROGRAM

NEW YORK, Nov. 17.—Varying views as to the actual degree of armament limitation that would be brought about by Secretary of State Hughes' program for a naval holiday and the scrapping of battleships developed by naval experts at the opening session of the convention of the society of naval architects and engineers here today.

Mason S. Chace, naval architect of Boston, presented a paper in which he concluded that the airplane, rather than the capital ship, would be the "supreme" naval weapon of the future and that battleships would be relegated to the position of auxiliaries of the airplane carrier.

Rear-Admiral W. L. Rodgers, U. S. N., on the other hand, presented the view that the battleship would continue "the most potent embodiment of combat strength."

FARRINGTON SPEAKS FOR THE LOYALTY OF ILLINOIS MINERS

Says That Men are Incensed Because of Destructive Actions of John L. Lewis, International President—No Sentiment in Favor of Disrupting the Mine Workers' Union

PEORIA, Ill., Nov. 17.—The Illinois Mine Workers' convention has committed no act of aggression against the United Mine Workers of America and there is no sentiment in the convention in favor of disrupting the miners' union, Frank Farrington, president of District No. 12, United Mine Workers of America asserted in a signed statement to The Associated Press today.

The president of the Illinois district asserted, however, that the Illinois miners are incensed because of the "destructive actions" of John L. Lewis, International president and the treatment they received at the last international convention.

President Farrington's signed statement follows:

"The convention of the Illinois Mine Workers has been very harmonious, press reports to the contrary notwithstanding.

No act of aggression has been committed against the United Mine Workers of America and there is no sentiment in the convention in favor of disrupting the miner's union and nothing of the kind has ever been suggested or talked of by the delegates in convention and nothing of the kind is contemplated.

"Considering their record, no one has the right to question the loyalty of the Illinois mine workers. However, the delegation is very deeply incensed against President John L. Lewis because of his high handed, destructive actions. The Illinois mine workers are also deeply incensed because of the way they were treated in our last international convention particularly by the mine workers from West Virginia, but the mine workers elsewhere need have no fear of the Illinois mine workers seceding from the United Mine Workers of America."

ANTI-BEER BILL WILL COME UP IN U. S. SENATE TODAY

Only Dozen Votes are Predicted Against its Passage

WASHINGTON, Nov. 17.—The anti-beer bill will come before the senate tomorrow on the question of agreeing to the conference committee between the two houses. The conference report has been accepted by the house and there was every indication tonight that fewer than a dozen votes would be recorded against final passage in the senate although a desperate fight has been waged for several months against the bill.

The proximity of the vote which was agreed upon for tomorrow by unanimous consent last month was apparent today when the subject of beer bubbled forth in the discussion of the Ford-Newberry contest.

Senator Stanley, Democrat, Kentucky, one of the leaders in the fight against the bill, launched an attack and asserted that the senate was attempting to organize itself into a pharmaceutical association with only one doctor in its membership.

Tomorrow's session will begin an hour earlier than the usual noon meeting time under the agreement which calls for the vote to be taken at 12 o'clock.

WILL SELL PULLMAN FURNITURE AT AUCTION

CHICAGO, Nov. 17.—The furnishings of the George M. Pullman Home for many years considered the most richly furnished in the midwest, today were ticketed and labeled by auctioneers and within a few days will be sold under the hammer to close out the estate of the late head and founder of the Pullman Company.

Situated at Eighteenth and Prairie streets on the south side in what once was the most exclusive residence section of the city, the site of the home will be used for a factory. During the world's fair period the home was the show place and pride of the central west.

KANSAS CITY MAN WINS TARGET SHOOT

Kansas City, Mo., Nov. 17.—W. W. Dickinson of Kansas City, won the 150 target race at the annual carnival of trapshooting here today from a field of 23 shooters, with a high score of 147, Cal Waggoner, Diller, Nebr., and R. B. Elliott, Kansas City tied for second place with 146.

BUILDING TRUST FIGHT JUST BEGUN

NEW YORK, Nov. 17.—The fight against the building trust has only begun, United States Attorney Hayward today told Federal Judge Van Fleet in asking that appropriate sentence be imposed on about 70 members of the so-called tile, grate and mantle combine who this week pleaded guilty to violating the Sherman anti-trust act.

Mr. Hayward challenged a statement that the government had completed its task of following up trials opened by the joint executive committee investigating the building trades. He asserted that if Samuel Untermyer, committee counsel were present he would substantiate the assertion that organizations investigated by the senate authorities had gone back to their corrupt practices.

David L. Podell, special government counsel had charged the tile combine with hindering construction at a time when the legislature was busy trying to alleviate the house shortage.

Counsel for the defendants pleaded that building trade organizations originally were formed to carry on collective bargaining in labor bodies and for other legitimate purposes and that the transactions against which complaint had been made had resulted in little interference with interstate commerce.

Member the ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it, or not otherwise credited in this paper, and also the local news published herein.

In this state out of 102 counties, there are now 95 with farm bureau organizations. The movement started at DeKalb just about ten years ago and so in a comparatively brief period of time the organization has gained a foothold in nearly 95 per cent of the counties. Evidently the farm bureau movement is not a bubble and the work of the organization must justify its existence in results.

It is noticeable that a very large percentage of the subscriptions made to the United Budget campaign are in cash. The pledge

cards provide for semi-annual or quarterly payments, but thus far very few subscribers have availed themselves of the partial payment plan. This fact indicates that money is not quite so "tight" as stories of business conditions sometimes indicate.

There are many taxpayers who believe that the hard road movement is not the best. They believe that instead of spending millions for hard roads, that the interest from such funds should be used in grading, oiling and maintaining a larger mileage of earth roads.

Some of those who prefer the old highways should try driving over them on a dark and misty night, when even tire chains cannot prevent the slipping. Then they might decide that the pavements with concrete foundations have their place in the general movement for permanent better highways.

Another advantage in a disarmament program seems to have been overlooked. Think of the hundreds of parks that can secure "big guns" for monument purposes when this battle ship scrapping process gets under way.

The local demand for increased hotel facilities continues in evidence. Hardly a night passes but

prospective guests are turned away from the local hostels, because no rooms are available. If building materials are near the low point and the demand exists for a new hotel, why isn't the project one which affords good investment possibilities?

Men who are engaged in the handling of building materials, say that the price will be at the low point next month. They believe that there will be no further reductions for a year or more. If this is a fact, and the public can be made to understand building projects will multiply. Scores of such undertakings have been held back because of the belief of the prospective builders that the low point has not been reached. Convince people that the low time has arrived and the "strike" against building operations will be called off.

The latest official figures on all American railroads, as given out by the interstate commerce commission, show 1,586,143, as the average number of employees in service during the month of June, 1921. Railroad officials say that there has been an increase in employment since that date, bringing the figure up to 1,800,000. A rough classification of the railroad workers shows the following figures:

Trained service employees, 298,850; shopmen, 401,109; maintenance of way employees, 368,900; station service employees, 126,000; clerical force, 228,400 and miscellaneous, 162,853.

Just now the main concern of the worker should be to help along with business conditions so that there may be work to do.

WE HAVE TODAY 55 SPLENDID TAILORED WOOL SUITS FOR LADIES AND MISSES—OUR ENTIRE STOCK—AND EVERY GARMENT IS OFFERED AT JUST ONE HALF THE FORMER PRICE—LAST CALL ON SUITS.

WRIST BROKEN BY FALL
Mrs. Jane Jones of Litterberry sustained a broken wrist Thursday afternoon, the injury being the result of a fall at her home. Mrs. Jones has been ill for some time and it was because of her feeble condition that the accident happened. Dr. A. E. Obermeyer of Arcadia brought the injured woman to this city where an X-ray picture revealed the extent of the injury.

Don't overlook Shanken's exceptional specials for Friday, Saturday, Monday. See page 8.

DONATION DAY AT OLD PEOPLE'S HOME
Thursday was the annual donation at the Old People's home and during the day and evening there were many visitors. All who came brought substantial donations, all of which were gratefully received by the management. It is a fact worthy of note that the money donations this year were larger than ever before.

R. D. Mawson and James L. Solomon of Murrayville were in Jacksonville yesterday on their way to Lake Matanzas on a hunting trip.

SOME PROGRESS MADE IN BUDGET DRIVE

THURSDAY'S WORK BROUGHT 281 MORE PLEDGES

Total of Subscriptions to Date Is \$5533.67 — Chairman Capps Says Larger Subscriptions and More Intensive Canvassing Necessary to Reach Goal.

Two hundred and eighty-one pledges were reported in the United Budget campaign yesterday, amounting to \$1,426.70. This sum brought the average subscriptions to date is \$4.92.

Chairman Capps of the executive committee last night said that the committee is solicitous as to the result of the campaign and that to bring about the desired results that subscriptions must be on a more liberal basis. Up to date the number of subscriptions has equaled the expectations, but the average size has not been all that the committee had hoped to be.

More Intensive Work.

"We must seek to impress people," said Mr. Capps, "that more generous subscriptions are necessary in order to reach the moderate goal that we have set. It has come to the committee that in some instances the canvass has not been thorough and that a great many possible contributors have in this way been overlooked. The districts have been so thoroughly organized that it was the belief of the committee that very one would be given a personal invitation to contribute to the cause. While the total to date falls a few hundred dollars below the half way mark, we believe that by again emphasizing the need of the organizations represented in the drive and again calling the attention of the workers to the necessity of canvassing every person in their districts, that further satisfactory progress will be made."

It has been interesting to note that the special friends of the different organizations represented in the drive have set aside any personal preferences they may have and have looked only toward the general results, and are working sincerely to bring a successful close to the general campaign.

Needs Well Defined.
One advantage that the solicitors find is in the fact that there is such a general understanding of the work of the Red Cross, Social Service league, Anti-tuberculosis society, the Salvation Army and the Near East relief organization that no time is necessary in explaining the work which is in prospect, nor the "why" or the "wherefore" of the needs of these different organizations. The record of each is an open book and people generally are quite familiar with what has been accomplished.

ADDRESSES I. W. C. STUDENTS
At Illinois Woman's College Thursday night Rev. W. H. March made an address in Social Hall, taking as his theme, "Asia and the Near East." The meeting was part of the observance of world fellowship week. Mr. March has been especially interested in Near East conditions and made a presentation that thoroughly interested his audience.

Glenn Fischer was a business caller in the city yesterday from Murrayville.

GREAT INTEREST SHOWN IN MEETING

Members of Citizens Committee Met With Chamber of Commerce Directors Last Night—Auto Club Representative Present.

Members of the sewer committee and also of the hotel committee of the Chamber of Commerce held a joint meeting Thursday night with the directors. President R. Y. Rowe presided and the usual order of business was carried over to the next session of the committee reports. Members of the two committees and of the board all had something to say on the subjects presented. Attorneys John J. Reeve and W. E. Thomson were also present to talk with reference to the suggested sanitary district. The directors expressed their appreciation of the large amount of work which has been done by the sewer committee and gave their approval to the plan of the committee to secure some additional data as to construction costs and methods of financing for presentation in a formal report to the board of directors. J. F. Claus as chairman of the sewer committee indicated that this was the intention of that body.

Henry Frisch, speaking for himself and associates, W. A. Crawford and Harrison King of the hotel committee, told something of what has been done in other cities with reference to the hotel project.

A representative of the Automobile Corporation of Illinois was present and explained to the assemblage something about the benefits that accrue to the members of this organization and urged the need of the formation of a local branch to be affiliated with the state organization.

REMOVAL NOTICE

We have moved from 227 So. Main to 225 East State, having purchased the Gause Plumbing and Heating business, and consolidated with our electrical work. We are prepared to serve you promptly and expertly, in all plumbing, heating and electrical work, large or small.
DOYLE BROS.

THEY MAY DO FINE.

(The Decatur Review.)
Lately some newswriters were reported as starting out of this town with only \$1.50 in their combined pocket. The undertone of the comment was that they were in a bad way, pretty sure to dash into a spill.

This comment indicates how the world about us has changed in a few years. The first millionaire in Illinois was Jacob Strawn of Morgan county, biggest cattle feeder of his day. Once when pressed to tell with what means he started in the world he answered that upon his wedding night he was in debt just \$7.40. That was what he started with, a few dollars less than nothing. But he felt, and so did the neighbors, that he had as good a chance to succeed as had the next fellow no matter who he might be. One more than suspects that this is still partly true, but the neighbors are no longer able to bring themselves to realize it.

Don't overlook Shanken's exceptional specials for Friday, Saturday, Monday. See page 8.

PROBATE COURT
In the estate of John C. Musch, letters testamentary were ordered to issue to Mrs. Margaret Musch. In the estate of Hannah K. Phillips, final report was approved. In the estate of Sibilla Tendick, the inventory was approved.

REAL ESTATE TRANSFERS
Lida B. Fitch to Samuel Bailey land in 24-15-11, \$1.

ILLINOIS SPECIAL LEAVES AT 8 O'CLOCK

Student Special Will Be on Way Saturday Morning—More Than 200 Will Go—One Fare \$2.83 for Round Trip Secured—Band of 25 Pieces.

All aboard! Get your ticket for the Illinois College football special which leaves at 8 o'clock Saturday morning over the Washburn for Decatur where the Illinois and Millikin teams meet in their annual gridiron battle at two o'clock on Millikin field.

Arrangements for the special train have been completed. Through the efforts of the Jacksonville Chamber of Commerce the Washburn has granted an attractive round trip rate of \$2.83 provided 200 or more tickets are sold. At the student meeting held in the college chapel Friday morning enthusiasm ran high. The band, which has already won a warm place in the hearts of the students, calmed the meeting with their stirring music. Coach Harmon gave the students an account of the Millikin-Wesleyan game of a week ago which ended in a tie score of 7 to 7.

Ed Theis, student manager of the Football Special, then told of the proposition offered by the Washburn officials. The student body voted to buy the 200 tickets required to secure the special train and endeavor to sell them to those who might be attracted by the very low rate to join the crowd Saturday morning. Anyone who desires a round trip ticket at the new rate of \$2.83 may make arrangements to secure one by calling the Illinois College office or Lane's Book store.

The new sweaters and caps for the college band will arrive today and the band will parade the business section late in the afternoon in preparation for the invasion of Decatur on Saturday.

The team is working diligently to be in shape to give its best in the struggle on Saturday. Millikin has not lost a football game to a college in Illinois during the last five years. Indeed, they have lost only one game during all those years and that was to Washburn college two weeks ago when the Hoosier team trounced Millikin 14 to 3. Then, a week ago, Wesleyan very unexpectedly tied Millikin in a desperately fought game. The first and only tie game Millikin has played during those same five years. Illinois college is facing a big task but they hope to accomplish it successfully. A big bunch of rooters is a powerful assistance. Join the crowd Saturday. All aboard!

ELKS PLANNING INDOOR SHOOT

The Elks are planning a big indoor shoot for Monday night. At 8 o'clock the big shoot will begin. Targets will be put up and rifles will be used. A large number of prizes have been arranged for, in the form of turkeys, ducks and geese. This is the first event of its kind ever staged in Jacksonville and promises to be a very diverting occasion. The Elks are in the market

for a large number of the above mentioned fowl, so this is a good opportunity for those who wish to dispose of any of the above fowls.

The committee in charge of arrangements for the shoot consists of Homer Wood, chairman; Stanley Wright, Harry Timmons, H. E. Wheeler and Otis Hoffman.

Miss Lucile Smith of Pittsfield has accepted a position in the bakery department at Waddell's store.

"Are you able to save money? If not, drop out. You will lose. You may think not, but you will lose as sure as you live. The seed of success is not in you."

Monday, Tuesday, Wednesday and Thursday
November 21, 22, 23, 24

"Man, Woman and Marriage"

STARRING

Dorothy Phillips and James Kirkwood

With more than ordinary pleasure we announce the presentation of "Man-Woman-Marriage," the biggest motion picture of the year. A special First National attraction directed by Allen Holubar. This production has been aptly termed a mighty milestone in motion pictures. There could be no better name for a picture that is at once a woman's heart, and combined with vast spectacular moments wherein thousands of actors, pagan dancers and barbaric beauties participate. Hordes of women ride bare-legged bare-armed, bare-chested, in the mighty battle of the Amazon with a woman as their leader. Thousands of horses—with monkeys, lions, tigers, chimpanzees, and bears besides. These are the mighty army which Allen Holubar used in the magnetic sequence of drama, revelry, riot and sex-antagonism of "Man-Woman-Marriage," the stupendous First National attraction that marks a new milestone in film production in America.

Time of Shows—1:30 4:00 6:30 9:00
Can you really afford to miss this—the most talked of motion picture of the present day? Do you want to be a back number, or will you sit before the most enthralling entertainment ever devised in the history of the cinema art?

ROUTT HIGH PLAYS FRANKLIN TONIGHT

Meet High School Team of That City in Return Game — Rooters to Accompany Team.

Root high basketball five will journey to Franklin tonight where they will play a return game with the high school team of that town.

Last week Franklin played here and defeated the local tossers. Routt is going to try and even the count when the teams meet this evening.

The game will be played in Marquette hall and indications are the hall will be packed when the referee blows his whistle for the first tipup.

Routt will journey overland to Franklin and a large number of rooters are planning to make the trip so that Routt will have its share of the support from the spectators.

The probable lineup of the Routt five follows: Mandeville, Gebert, forwards; R. Zell, center; Cooney, Bergschneider, guards.

LICENSED TO MARRY

Lee Crawford, White Hall; Margaret Thompson, Jacksonville; Elmer Hayes, Beardstown; Verna M. Rohn, Beardstown.

Check That Cold Right Away

A Sudden chill—sneezes—stuffy feeling in the head—and you have the beginning of a hard cold. Get right after it, just as soon as the sniffles start, with Dr. King's New Discovery.

ELECTION IN WHITE HALL SATURDAY

Citizens to Decide on Question of Annulment of Community High School District

White Hall, Nov. 17.—An election for the annulment of the White Hall community high school district will be held Saturday and there is no longer any question as to the outcome. A two-thirds majority is required to abandon the district, and the White Hall district will proceed to erect the needed building facilities without the further delay involved in continuing the community district.

It is agreed by both town and country people that there is a section or sections in present community district that are not sufficient benefited to be held for such taxes against their wishes, and it has been practically agreed all around to vote against retaining the community district at the election next Saturday. This also will bring about a spirit of co-operation between town and country in the future that will compensate for the loss of the community enterprise, and the one individual who is credited with this result is Frank Hubbard of the Walkerville neighborhood, whose conservative and good-natured methods of handling the subject of discontinuing the community district has won followers in town so rapidly in recent weeks that there is no longer any doubt as to the outcome of Saturday's election.

SUIT APPEALED

The suit of John E. McDonald and Leo Suter vs. J. L. Chapman has been filed in the circuit court for hearing at the next term. This is appealed from a justice court.

AN IOWA FARMER'S VIEW OF PRESENT CONDITIONS

(From The Drovers' Journal.)

Editor: I notice you take exception to what H. M. Wallace of Wisconsin says, when he says the other fellow sets the price on what he has to sell, and thinks the farmer should have the same privilege. If H. M. Wallace is not correct, why is it that some fields of cotton of the 1920 crop would not pay the cost of harvesting, and was allowed to waste in the fields, while we farmers were paying 20 cents for a pair of cheaply made cotton mittens that were so light in weight that they must be weighed on the apothecary scales such as they use to weigh precious stones, metals and jewelry?

Why is it I must sell a cow hide for 75 cents and pay \$10 for a pair of up-to-date shoes? Why was it that in the spring of 1920 we were offered 10 cents a pound for wool and were asked \$50 and \$75 for a suit of clothes with about six or seven pounds of wool in them? Why must a farmer sell nearly 180 pounds of wheat for 49 pounds of flour? I have cited some of the most glaring inconsistencies, but this list can be extended to almost every article sold off the farm.

You say it is a matter of record that the percentage of failures is greater in business than in farming. If we on the farm would put in from six to ten hours' work and then go to the barber shop and get shaved and shined, and then go to the theater or movies, or to our club, or poolroom. I think we would soon be 100 per cent failures. There is no country in the world as fertile and blessed with rain and sunshine, and where the people are as intelligent and enterprising, as in the United States, but when a man and his family on a farm must toil from 12 to 16 hours a day, wear coarse clothes, eat plain food, almost never take a vacation, for just a living, would you call them successful, do they may not actually go broke? This is true of the farming class as a whole.

You may say some have fine homes, with bath, electric light, automobiles and other modern conveniences. A small percentage do have bath and electric lights, and about one-third automobiles. I know that the cost price and upkeep of the autos have been obtained by the sacrifice of other comforts and necessities more vital to the welfare of the family than the autos in a very large per cent of the cases.

You said in one of your issues some time ago that the farmer was the first down and would be the first one on his feet. I will say that many who would have made useful citizens and have been a credit to their community will never get on their feet. A like comparison would be to row a bunch of people out in Lake Michigan a half mile and throw them overboard and tell them if they can swim to shore they will probably never drown.

I have farmed for 35 years, and relatively speaking, never saw farm products so low. I never have known a time when I took 1,200 bushels of oats to buy a binder, or 65 cow hides to buy a plain harness, or 200 pounds of wool to buy a decent suit of clothes, or when you could not borrow money on unincumbered real estate. I have shipped a good many loads of live stock to the Chicago market. It used to cost around \$50, now it costs a little better than \$100. Taxes on this farm have increased 600 per cent the past eight years. I am hoping for better times.

One man in your columns said a short time since he had been farming for 30 years and never made anything. In referring to his letter you said any one who would follow an occupation for 30 years, when he was not making anything, should have a guardian appointed for him; but, you know hope springs eternal in the human breast. That is what keeps us at it, always hoping that next year will bring better crops or prices, or both, and that at least we will have fair play.

I had a statement from one of our captains of finance that times are improving, his opinion on prices improving, and mentioned about a dozen commodities on which there had been a rise in price, but not one was a product of the farm in the raw state. Our ability to buy even the common necessities has to a great extent been cut off, and until that is restored we cannot have good times notwithstanding what our captains of finance say. Hope you will publish this, as I do not believe you are acquainted with the true state of affairs on the farm, as your occupation brings you in contact with the better class of farmers, and that is a very small per cent.—R. E. Throp, Ollamakee County, Iowa.

TAKING EVIDENCE IN CLAMS CASE

The taking of evidence in the suit of Susan H. Dickinson against the executors of the estate of Job Coates continued in the circuit court before Judge Smith all day Thursday. Still other witnesses are to be examined and the case will be argued today. This proceeding comes on appeal from the county court, where Miss Dickinson received an award of \$12,000 on her claim of \$16,000 against the estate.

Don't overlook Shanken's exceptional specials for Friday, Saturday, Monday. See page 8.

G. I. Eagle of Concord made a business trip to Jacksonville yesterday.

MARINES KEEP WATCH ON MAILS

Jacksonville Sees Example of Post Master General's Order for Protection of Mail Trains.

The order of Postmaster General Hayes placing marines on mail trains became effective more than a week ago. Now marines are on duty on all principal mail trains throughout the United States. Train No. 28, Kansas City-Buffalo mail on the Wabash, which reached Jacksonville from the west at 12:45 a. m., has one or more of these guardians. When the train pulls into Jacksonville a marine descends to the platform, makes a close inspection of the engine tender and blind baggage, the purpose evidently being to see that the train is carrying no outside passengers.

This inspection work continues until the moment that the train pulls out. The public is not informed, but it's more than likely that the marine who does the outside work has one or more companions suitably located within the car. Marines are heavily armed and train robbers who go against these new guardians of the mails must have more than the common run of courage.

ROODHOUSE MAN DIES OF INJURIES

Ansels Wiggins Passes Away as Result of a Gunshot Wound. Coroner Will Hold Inquest Today.

Ansels Wiggins, of Roodhouse, died last night at Our Savior's hospital as the result of a gunshot wound in the right leg just above the knee, received while out hunting. It was some time after the accident before he could be brought to the hospital, where after an examination it was found necessary to amputate the leg. He seemed to be doing well considering all of the circumstances, but about 10 o'clock last night he took a turn for the worse and died almost immediately.

The deceased was the son of Thomas Wiggins of Benton, Ill., and has for some time been living with his brother, Guy Wiggins, of Roodhouse. He was out hunting with a friend, Aaron Watkins, whose gun was accidentally discharged, the shot entering Wiggins' right leg.

The remains were taken to O'Donnell's undertaking parlors, where an inquest will be held at some time today, with Coroner C. A. Rose in charge.

Five Hundred Day, Grace Sunday School, Sunday, Nov. 20th. All members urged to attend.

ISSUES CHALLENGE TO DEBATE QUESTION

WALSBERG, Colo., Nov. 17.—Hurling a challenge for the president of the Colorado Fuel & Iron company, or any other man to meet him in a public debate on the justice of the miners' cause, Robert Foster, national organizer of the United Mine Workers of America, was given a rousing ovation by hundreds of strikers at a mass meeting here today.

Foster, in the course of his address warned the men against violence or lawlessness of any kind. "All we ask is justice," said Foster. "If there is any act of violence during the strike it will be committed by those who have been sent into this territory to help the Colorado Fuel & Iron company enforce a wage reduction that will bring hunger into the homes of the men who have stood loyally by the union in its present need."

Frank Hefferly, also a United Mine Workers' organizer, told the miners that the company claims that the wage reduction was made in order to bring down the price of coal was false.

Reports coming from Walsburg today from all over the Southern Colorado field indicate that three fourths of the miners did not report for work this morning when a reduction in wages of approximately thirty per cent went into effect. No disturbances had been reported from any point in the district.

COMMUTS SENTENCE OF WILLIAM MURRAH

Santa Fe, N. M., Nov. 17.—Governor M. C. Mechem, today commuted to life imprisonment the sentence of William Murrah, of Carlsbad, N. M., convicted on a charge of first degree murder for the death of his brother, John, and who was sentenced to be hanged tomorrow.

Murrah was convicted on circumstantial evidence.

STEAMER SINKS IN OHIO RIVER

Cincinnati, O., Nov. 17.—The Ohio River Steamboat Chilo struck a submerged wharf at New Richmond, Ohio, tonight and sank in five minutes.

New Richmond is 15 miles northeast of Cincinnati. Forty persons on board the Chilo were rescued.

SUPREME COURT TAKES RECESS

WASHINGTON, Nov. 17.—Announcement was made today by Chief Justice Taft that the supreme court would take a recess from November 21 to December 5.

WIDOW OF MARK HANNA IS DEAD

WASHINGTON, Nov. 17.—Mrs. Mark Hanna, widow of the former senator, died tonight at her residence here.

DOCTORS TALK ABOUT CANCER

Members of the Morgan County Medical Society Talked in City Schools Yesterday

The Morgan county medical society is conducting a campaign against cancer, in the interests of which members of the society addressed all of the schools and colleges in the city yesterday. By this method the speakers were able to bring their information before almost the entire population of Jacksonville.

Following is the list of schools and physicians who talked at each:

Illinois Woman's college—Dr. Josephine Milligan.
Illinois College—Dr. Reid.
Routt college—Dr. Norris.
Brown's Business college—Dr. Woltman.
School for the Blind—Dr. McLin.
High school and David Prince—Dr. Garm Norbury.
Lafayette school—Dr. Hardesty.
Jefferson school—Dr. Duncan.
Franklin school—Dr. Ogram.
Morton school—Dr. Black.
Washington school—Dr. Chapin.

LARGE GATHERING OF WHITE HALL MEN

Brotherhood of Presbyterian Church Had Banquet — Other News from White Hall.

White Hall, Nov. 16.—The November dinner of the White Hall Brotherhood in the new basement of the Presbyterian church was addressed by State Senator A. S. Cuthbertson of Bunker Hill, and it was the largest gathering of the season, there being 125 plates. Senator Cuthbertson made a most favorable impression in his discourse on "Good Citizenship." The local football team were guests of the Brotherhood, twenty in number, and they were received in a formal way by T. M. English, who was followed by Rev. Lee A. Hanchett in an admonition to hold the line in the game with Roodhouse next Saturday.

Funeral services over the remains of Dr. G. W. Burns will be held in the Methodist church at 10 o'clock Thursday, the discourse being delivered by Dr. J. O. Kirkpatrick. The services are under the auspices of the Masonic fraternity and members of the G. A. R. post will serve as honorary pall bearers. The burial will be in the White Hall cemetery beside the remains of his wife, who died in 1914.

An oyster supper and banquet by the Wendell class of the First Baptist Sunday school will be held in the church basement Friday evening. Mr. Wendell will make an address on White Hall history, and there will be other program features. General interest is being taken in the proceedings because of the value that is attaching the local historical work by Mr. Wendell that not only has the backing of his class following, but requires the united backing of the community.

ZION

Mr. and Mrs. George Durham and family spent Sunday with Mr. and Mrs. Chester Barber and family.

Misses Eva and Enia Ozbun spent Sunday afternoon with Miss Hazel Hayes.

Mr. and Mrs. Henry Ozbun were Roodhouse visitors Friday of last week.

Miss Edna Hopkins and Lloyd Hunt of Roodhouse spent Friday with the latter's mother, Mrs. Ida Wagstaff.

Mr. and Mrs. Charles Wagstaff and son, Oliver, spent Sunday

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No gripping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil. If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' Little Olive Tablets at bedtime, 15c and 30c. a box.

Beastie Boxes

SIX GOOD PALS

Each with a wooden pocket big enough to hold candies, or the children will love to just have them to play with.

BIG OIL CONCERNS ARE CONSOLIDATED

NEW YORK, Nov. 17.—Stockholders of the Union Oil company of Delaware in special session today unanimously approved the proposed merger of the company with the Royal Dutch Petroleum company over 800,000 shares being represented in person or by proxy.

Virtually all the properties of the Union Oil company are involved in the consolidation. These include Union Oil company of California; Columbia Oil Producing company; Western Union Oil company; United Western Consolidated Oil and properties of the National Exploration company; Eddystone Oil corporation and the Union Oil company's interest in the Texas Oil company as represented by its holdings of Central Petroleum.

All the American interests of the Royal Dutch company go into the consolidation on except its oil tankers. The ratification enables the two corporations to begin creation of a new corporation as yet unnamed with a capital stock of 10,000,000 shares (no par value) Royal Dutch receiving seventy-two per cent and Union Oil 28 per cent.

MINERS WILL PAY THEIR ASSESSMENTS

PEORIA, Ill., Nov. 17.—Assessments demanded of miners thruout the country for international union purposes will be paid by Illinois miners at the opening of the convention here to President Lewis which said: "I am of the opinion that Illinois miners will not pay this assessment."

President Farrington today made a personal appeal to the convention to pay the assessment as it is "a solemn obligation to every miner in Illinois and a duty we owe to the nation."

The convention today went on record as opposed to the Ku Klux Klan, I. W. W., the One Big Union and Working Class Union.

A resolution was adopted making local unions pay their international dues and assessments direct to the international office instead of to district officers. A proposition to abolish sub-district offices was defeated.

FURTHER CUTS IN FREIGHT RATES

NEW YORK, Nov. 17.—Officials of the Association of Railway Executives announced tonight that further freight rate reductions amounting to \$300,000,000 would be put into effect in the event the railway labor board accedes to the requests of the roads for a lower wage scale.

STILL NEED ONE MAN TO COMPLETE ARBuckle JURY

One Juror Tells the Court
He Has Changed
His Mind

SAN FRANCISCO, Cal., Nov. 18.—After counsel for both sides had accepted definitely a jury to try Roscoe C. ("Fatty") Arbuckle on a manslaughter charge today, admissions by one of the twelve about to be sworn in set the attorneys back picking out a twelfth juror late today. As a result today's session ended with the jury incomplete, and, as the court announced it would direct that one or two alternate jurors be chosen, the taking of actual testimony seemed as far away tonight as it did last night.

George R. Morgan was the man who blocked the proceedings. He informed the court he wished to change his answers to certain questions asked him and then announced he had formed an opinion on "the weight of circumstantial evidence." He was excused.

The prosecution used its last peremptory challenge to excuse Edward Pausot, called in place of Morgan. This also was the last peremptory challenge available for either side.

Examination of prospective jurors was speeded up today. Interest in the case apparently reached its lowest point since Arbuckle formally was accused of causing the death of Virginia Rappe, film actress, thru injuries inflicted at a party he gave in his rooms at the Hotel St. Francis here.

At times there were more persons inside the attorneys' bar than in the spectators' section of the court room.

CHRISTIAN PEOPLE WILL GO TO MEXICO

Fifty Thousand Families Will
Leave Canada in December—
Expect Trek to Take Two
Years

EL PASO, Texas.—(By the A. P.)—One of the largest migrations of Christian people of modern history is that of about 200,000 Mennonites, 50,000 families, from Canada to Mexico, which will begin in December. Their trek is expected to last two years.

The Mennonites for the past year have been looking for a new home, claiming unjust treatment in Canada during the World war. Eight nations have invited them. Land "sharks," "boomers," and others have tried to influence them.

After a dozen trips to Mexico during which representatives conferred with President Alvaro Obregon and officials of the Mexican immigration service, the leaders almost decided to settle in Mexico. Then editorials from various sources save Mexico, declared the Mennonites were "making a mistake," that the religious freedom which they have sought could not be guaranteed them under the Mexican constitution. Another trip was made to Mexico and state and national governments assured the Mennonites that they could worship God as they pleased, that they could hold all the tenets of their religion and could enter that country and make their permanent home.

Canadian Mennonites hold the same belief as early members of the sect who settled in the United States—that of non-resistance. The Mennonites in defending their belief, declared that they suffered less in the early days at the hands of the Indians than did others who waged warfare against the savages.

The Mennonites still refuse to enter any war.

Another peculiar custom of these people is the washing of feet. They say that the command of Christ to the woman to wash His feet stands on the same spiritual level as His acts of distributing food and drink to the hungry and thirsty. To the Mennonites the story related by St. Luke is comparable to the one other Christians regard, including the sacrament and communion.

Community property is another belief of some Mennonites, although it is not general. The members of the sect co-operate in building roads, school houses and churches.

The removal of the Mennonites to America came about when William Penn had been granted land for his Quaker followers. He was told of Mennonites who had fled from Germany to Holland and his Quakers came to their aid.

The Quakers are credited with helping them financially and in colonizing parts of Ohio, Indiana, Kansas, Nebraska and South Dakota. Later, colonies were established in Saskatchewan and other parts of Canada. During the past year a few of the sect have settled in Florida.

For years there were fourteen independent bodies of Mennonites but years ago the sect was reunited.

The Mennonites will settle in Chihuahua and Durango, principally in the former state. Options have been taken on land in both states and improvements are being made on one large tract, the Bustillos hacienda, or ranch, near Bustillos and Chihuahua City. The colonists have paid 25,000 pesos to hold this tract, the money being on deposit to the credit of the Zuloaga family, heirs of the large land owner, Carlos Zuloaga. The purchase price is 600,000 pesos.

INTEREST GROWS IN GRACE MEETINGS

Many Young People Greet Grandfather of the "Win-My-Chum" Movement.

The fourth meeting of the "Win-My-Chum" campaign was held last evening at Grace M. E. church. Miss Gracie Rexroat had charge of the meeting and talked on the following topic: "Following Christ: My Contribution." Claude Reinder of Illinois School for the Blind favored the crowd of young people with a piano selection, "Rhapsodie in C Sharp" by Liszt, during the opening of the meeting, and he played in masterly style. Mr. Reinder's fine playing won such applause that a waltz by Chopin was added as an encore.

Dr. F. M. Rule was present at the meeting. Dr. Rule received Wilbur F. Sheridan, founder of the "Win-My-Chum" movement, into the church when he was ten years of age. Later Wilbur F. Sheridan became a noted preacher and was elected general secretary of the Epworth League. He then demonstrated his administration when he instituted the "Win-My-Chum" movement.

This Epworth League is the only league in the world that was favored by the presence of the grandfather of this great evangelistic movement. Quite a number of young people offered prayer for the continued success of the last meeting which will be held tomorrow evening at 7:30 o'clock.

Miss Agnes Davis will have charge of the meeting tomorrow evening which will be held around an indoor camp fire. The young people will have an informal gathering for a few moments. Then the lights will be turned out and the young folks will seat themselves about the lighted camp fire. The songs will be accompanied by banjos and ukeleles. Miss Davis will talk on the topic: "Why I Ought to Follow Christ." Immediately after the talk, time will be given for prayer and testimony.

attend.

PRINTERS' COPY OF A. A. U. IS LOST

New York, Nov. 17.—The printers' copy of the annual report of the Amateur Athletic Union has been lost on a subway train and the loss may seriously interfere with acceptances of last season's track and field records at the Union's meeting in Chicago next week.

Delegates have been telegraphed to bring to Chicago, duplicate applications for new records, with proofs of performances, in order that the records may be acted upon without the delay of another 12 months.

A Giraffe Story

There is a delightful and very ancient story about an old farmer who went to the circus and looked at the giraffe and, being familiar with only horses and cows and never having seen a giraffe, suddenly exclaimed, "By Heck, there ain't no sitch animal."

Fortunately for the progress of who cannot believe even what the world the number of people priced instruments.

They see, is limited. We know very well that there are people in this community who believe our pianos and players are all high.

If you will but pay us a visit we guarantee to give some price data that will, like the giraffe, demonstrate itself.

We handle excellent, nationally known instruments at very low prices, making it possible for music lovers of even the most limited means to have music in the home.

OUR WINDOWS

The attention of the public is invited to our display windows.

Lovers of art and things beautiful will find in these windows, each week, a jewelry display of what is best, what is the mode of the times and that which is useful.

This valuable display, free to all, is something in which we take great pride and we ask the public to enjoy it, especially as the holiday season is approaching, because it furnishes valuable suggestions.

LORAIN OVEN HEAT REGULATOR

Cooks a whole meal in the oven while you enjoy yourself miles away. This is the enthusiastic praise of the thousands of happy owners of a "LORAIN" equipped gas range.

We actually mean it. Sounds too good to be true, yet it is a fact. "LORAIN" will cook a whole meal in the oven, including soup, roast, vegetables and dessert, without watching, while you are miles away.

And when you return from an afternoon of recreation, the meal is ready for serving at once. You do not have to change your pretty afternoon frock.

The delightful part of this magic contrivance is that the meal is more deliciously cooked than if you had pot-watched it the whole blessed afternoon.

Think—you enjoy this wonderful freedom with its splendid meal and only spend 30 minutes or so in its simple preparation.

About Time and Temperature Baking

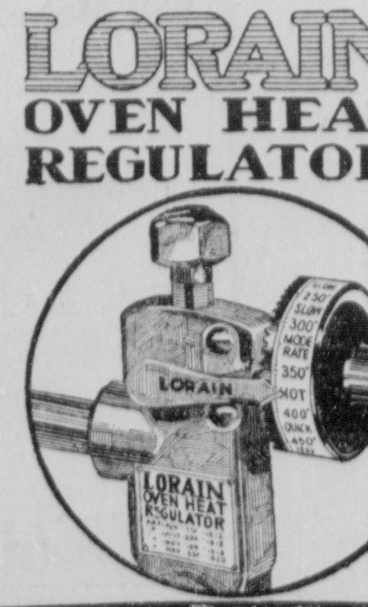

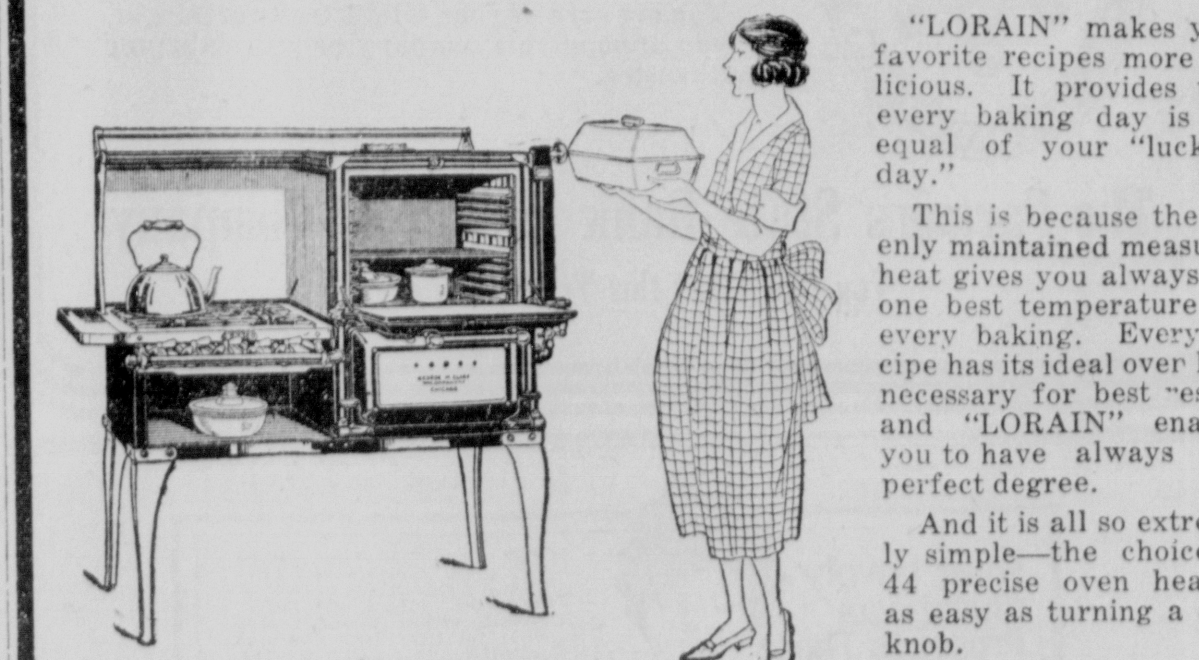

"LORAIN" makes your favorite recipes more delicious. It provides that every baking day is the equal of your "luckiest day."

This is because the evenly maintained measured heat gives you always the one best temperature for every baking. Every recipe has its ideal over heat necessary for best results and "LORAIN" enables you to have always that perfect degree.

And it is all so extremely simple—the choice of 44 precise oven heats—as easy as turning a door knob.

REPORTS FROM STATE KIWANIS MEETING

Delegates Gave Interesting Facts at Thursday Luncheon—Dr. Black Talked About Cancer Prevention.

Members of the Kiwanis club held a weekly luncheon at the Peacock Inn Thursday noon. An address on "Cancer and the prevention of the disease" was given by Dr. Carl E. Black. Reports of the recent state meeting in Au-

ra was made by F. E. Farrell, president. Dr. Thomas Smith and State's Attorney Carl E. Robinson. Among the guests of the day was Judge E. S. Smith.

The local delegates to the state meeting brought home interesting reports of the work which is being done by other clubs, paying emphasis upon the activities in behalf of boys and girls organizations and along lines of education and certain philanthropies.

Dr. Black explained some thing about the cancer week program which has been carried on throughout a wide area and told of participation of the Morgan County Medical society. Brief statements with reference to the disease were made in all the county schools on Wednesday and in the schools of Jacksonville on Thursday. Literature relating to the general subject was distributed in all the schools the various papers and pamphlets having the approval of the American society for the control of cancer.

Dr. Black said that more people over the age of 40 years die of cancer than of pneumonia, tuberculosis or typhoid fever. One woman in eight and one man in fourteen over 40 years of age die of the disease. Some equally interesting vital statistics were given and emphasis was laid upon the fact that much can be done for this dread disease if the first symptoms are given the proper attention.

Don't overlook Shanken's exceptional specials for Friday, Saturday, Monday. See page 8.

MATRIMONIAL

Timberlake-Cowan.

The marriage of Roland Timberlake and Miss Areta Cowan, both well known residents of this city, was solemnized at 8 o'clock Wednesday evening by Justice W. T. Dyer at his home on South Diamond. The ceremony was witnessed by a group of relatives and friends of the young people. Mr. and Mrs. Timberlake will make their home on Edgemoor street, and have the best wishes of their many friends.

Miss Catherine Kettle of New Salem, Ill., was in the city yesterday evening to attend the Kritch-Quast concert.

ENCAMPMENT GIVES HOMECOMING PROGRAM

Temple No. 19 Enjoys Program Followed by Supper—Event Was Well Attended

Members of Temple encampment, their families and invited friends enjoyed a homecoming in Odd Fellows temple, on East State street Thursday evening.

The encampment held a brief business session and then the doors were thrown open for the guests and a program was given. Following the program a lap supper was served and a social time followed, during which there was Victrola music and other amusements. The program follows:

Piano—Miss Irene Smith.

Recitation—Mary Elizabeth Frye.

Woman's Part in Odd Fellowship—Mrs. Sarah Trabue.

Vocal—Ruth Deatherage.

Recitation—Dorothy DeFrates.

Patriarchal Odd Fellowship—J. Marshall.

Wives of Patriarchs—Mrs. Etta Siegfried.

Vocal—Lydia Hunt.

Interesting talks were also made by E. E. McPhail, Joseph Ludwig, H. E. Frye, John Minter and Asa M. Robinson.

WILL ATTEND

CONFERENCE

Five members of the faculties of Illinois College and the High school left yesterday to attend the annual conference of the High School teachers of Illinois at University Auditorium. The conference will continue thru Saturday of this week.

It is expected that over three thousand teachers will attend and in many cities the high schools will be closed during the sessions in order that the teachers may attend.

The following persons went from Jacksonville: Principal B. F. Shafer, of the High school, with Miss Kent and Miss Russell, also of the high school, and Dean Scott and Prof. Busey of Illinois college.

RETURNS FROM OKLAHOMA

Mayer E. E. Crabtree returned yesterday from a week's business visit in Oklahoma. While there he spent several days with his mother, Mrs. James W. Crabtree, and his brother, Charles Crabtree.

FUNERALS

Funeral services for Henry Strawn, Jr., were held from the family residence, 765 West College street at 2 o'clock Thursday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. There was a large gathering of relatives and friends for the services.

Music was furnished by Miss Cora Graham, Miss Fern Haigh, T. H. Rapp and W. W. Gillham. The many beautiful flowers were in charge of Mrs. Charles Strawn, Mrs. John Strawn, Mrs. Ernest Strawn, Mrs. K. V. Beerup, Miss Pearl Jewbury, Miss Hazel Strawn and Miss Iva Guthrie.

Burial was in Diamond Grove cemetery, the pallbearers being Roy Davenport, Walter Davenport, Ernest Strawn, Isiah Strawn, Harold Strawn and Elmer Strawn.

Lewis.

The funeral of Mrs. Rachel L. Lewis was held yesterday morning at ten o'clock at the Concord M. E. church. The church was filled with sorrowing relatives and friends who heard the beautiful tributes paid to the deceased by the pastors in charge of the service. Rev. Thomas Symonds and Rev. C. S. Hilbert, both of Concord, and Rev. William Haley of Pittsfield took part in the services. Interment was made in the Concord cemetery.

Music for the funeral was furnished by Mr. and Mrs. William Haley, who sang a duet and by a chorus composed of Mrs. Clyde Cooper, Mrs. John Webb, Bert Way and Mr. and Mrs. William Haley.

The great quantity of beautiful flowers was cared for by Mrs. Cora Newton, Mrs. F. J. Rayburn, Mrs. Casper Blimling, Mrs. Henry Williamson and Mrs. Charles Brauw.

The pall bearers were George Hacker, Elza Herman, John Webb, Casper Blimling, Louis Hess and Edward Horton.

MISS THOMPSON

WEDS. L. O. SULLIVAN

Daughter of Mr. and Mrs. C. P. Thompson Married to White Hall Man Thursday—Will Reside in That City.

Miss Margaret Thompson, daughter of Mr. and Mrs. C. P. Thompson of 729 West State street, and L. O. Sullivan, of White Hall, were united in marriage at a simple ceremony at the home of the bride's parents yesterday afternoon at 2:30 o'clock. Rev. Marbach of State Street Presbyterian church officiated.

Only immediate families of the contracting parties were present at the ceremony and wedding luncheon following. Immediately after the luncheon Mr. and Mrs. Sullivan left for St. Louis.

The bride is the eldest daughter of Mr. and Mrs. C. P. Thompson, and is a graduate of the Roodhouse schools. For a year she taught in the Roodhouse schools, and then came to Jacksonville and attended Brown's Business college. She then accepted a position in the water department at the city hall. Mr. Sullivan is proprietor of a cleaning and tailoring shop in White Hall and is well and favorably known there. They will make their home in White Hall.

MESSRS. KRITCH AND QUAST IN RECITAL

Members of Faculty of Illinois College Conservatory of Music Give Brilliant Program in Northminster Church.

Last evening an appreciative audience that filled the auditorium and balcony heard Mr. Wm. E. Kritch, violinist, and Mr. Clayton C. Quast, bass baritone, in faculty recital given at Northminster church. The program was interesting because of a happy variety of selections and because of the aptness of interpretation shown by the performers.

Mr. Kritch illustrated his mastery of the violin all the way from the technique of the Handel sonata to the pathetic melody "Nur Wer die Sehnsucht Keunt by Tschaiakowsky-Elman. It was notable, also, how Mr. Quast gave self with equal facility to the dramatic recitative of the Handel numbers and to the lyric songs by Hugeman.

Three numbers composed by Miss Carrie Dunlap and four numbers composed by Mr. Frederick G. Meyers appeared on the program. Some of these compositions were performed publicly for the first time, and it was again apparent to all, as it had been on former occasions, that our local composers have far more than local talent. "The Maple Tree" and "Claudia" are poems by Mr. Quast, and he sang them with touching sentiment to the musical setting of Miss Dunlap. In contrast with these lyrics, he sang with fitting morbidity and dramatic intensity the "Prelude" by Robert Service, set to music by Mr. Meyers. The vividness and strength of this composition have won Mr. Meyers much comment, and the effect on the audience hearing "Prelude" is like that produced by "Danny Deever."

In the original pieces for violin, both Miss Dunlap and Mr. Meyers have prepared something unique for us—a quaint atmosphere pertinent to the subject they treat. "The Chinese Porcelain" is a fanciful conception that is depicted musically and artistically with a color caught from the Chinese XV Century. Mr. Meyers also has found a characteristic Indian theme in the meditations of his "Nokomis" and a true Roman yearning in the caprices of "Pierrot," the clown. It is gratifying to music-lovers of Jacksonville that in their midst Miss Dunlap and Mr. Meyers are succeeding in giving expression to their artistic inspirations and that such work is encouraged and made known in our city thru the influence of Mr. Kritch, their instructor in composition.

Mr. Meyer and Miss Dunlap accompanied Mr. Kritch and Mr. Quast on the piano while rendering their original works. Mr. Edward Munger, with his usual adroitness, taste and finish, accompanied the performers in the other numbers.

As encore Mr. Kritch played from a Canebrake by Samuel Gardnes and Mr. Quast sang Little Beteese by Seneca Pierce.

DEATHS

Coverly.

Word has been received of the recent death of Mary Helen Coverly, daughter of Mr. and Mrs. William Coverly, 336 West Mason street, Youngstown, Ohio. The little one was a sufferer from spinal meningitis and was ill but a few days. Harley Williams, Mrs. Alfred Coverly and Mrs. Da Campbell will attend the funeral. The child is survived by her parents and one brother.

Hazel.

Word has been received in the city of the death of Mrs. Lewis Hazel at St. John's hospital at Springfield. Mrs. Anna Strauser Hazel was the wife of Lewis Hazel, foreman of the coach department of the C. P. & St. L. shops of this city for twelve years. Besides her husband, Mrs. Hazel leaves three children, Mrs. Fred Wassell, Lawrence and Leo Hazel, all of Springfield; and the following brothers and sisters, George and Clara Strauser, of Springfield; Genevieve, of New Berlin, Mrs. E. L. Snyder, Mrs. Mary Conboy and Albert Strauser, of this city. The funeral will be held from St. Joseph's church in Springfield, Saturday morning. Interment will be made in Calvary cemetery.

CHILD IS INJURED
AT LITERBERRY
The five year old son of Mr. and Mrs. William Sorrells residing southeast of Literberry met with a very painful accident Thursday afternoon about 5 o'clock. The little boy was in the barn yard and was kicked by a mule, an ugly gash above the right eye resulting. The child was brought to Passavant hospital where he was given the necessary medical attention. At last accounts he was resting comfortably.

The Opportunity Class of the M. P. Church at Concord will hold a market at Dorward's Saturday at 11 o'clock. Everything good to eat will be there.

S. T. ZACHARY HELD ON CORONER'S VERDICT

Intent to Commit Murder is Charge Against Pisgah Farmer—Grand Jury Investigation of Case Not Concluded

The coroner's jury which investigated the death of Luther Crawford, who was shot and killed by Samuel Zachary, returned a verdict about noon Thursday. The jury declared that Crawford met his death at the hands of Mr. Zachary, and recommended that Zachary be held to await the action of the grand jury.

The witnesses examined were Charles S. Duffer, Russell Crawford and Albert Filey, who were near at the time of the shooting; Dr. D. W. Reid and Dr. Edward Rowe, who attended Crawford after he had been brought to the hospital.

The testimony of the witnesses did not change the details of the story of the killing as originally given publication. Duffer testified that he was in the front yard of the Crawford home talking to Russell Crawford, who was engaged in putting a tire on the automobile when he saw Samuel Zachary coming down the road carrying a gun. He said that Luther Crawford called to Zachary and said he wanted to talk with him. The two men had a conversation that the witness did not hear and then the men separated, Zachary moving to the south and Crawford to the north.

The witness said that when there was a distance of 15 or 20 feet between them that Zachary turned and fired at Crawford. Duffer declared that Crawford threw up his arms and called out, "Don't shoot me any more, Uncle Sam." The witness testified that Zachary paid no attention to this appeal but fired three more shots.

Cause of Altercation

It developed from the testimony of Russell Crawford, son of the murdered man, that the trouble between Crawford and Zachary was the outgrowth of a forgery charge against young Crawford. It seems that Zachary had accused young Crawford of forging his name to a check. The matter had been investigated by the grand jury and the jury failed to find a true bill. It is said that Crawford had called Zachary and wished him to apologize for having made the charges against his son.

Dr. Reid and Dr. Rowe testified as to the nature of Crawford's wounds and said that the wound in the right arm would have been sufficient to cause his death. Dr. Reid testified that at the hospital Crawford said: "I begged the old man not to shoot me again."

The case was presented before the grand jury yesterday by State Attorney Robinson but the investigation was not completed. It is understood that William N. Harpove, who is attorney for Mr. Zachary, will make a plea of self defense. It is claimed that Crawford had taken hold of Zachary's clothes before the shots were fired and that he used enough force to pull of one button from the garment.

If an indictment is returned it is not likely that the trial will be had at this term. The defendant in such a case is under general practice, given the right of continuance. The defendant is still in jail and thus far no effort has been made to secure his release.

The Coroner's Verdict.
The coroner's verdict was in language as follows:

"We the jury find that Luther Crawford came to his death by being shot with a shot gun held in the hand of S. T. Zachary with intent to commit murder, and recommend that S. T. Zachary be held to await the action of the grand jury."

The jury included: William Batz, Clark Green, John Snyder, W. A. Bancroft, G. V. Flynn and R. Lee Rexroat.

CLUBS AND SOCIETY

Mr. and Mrs. Swift Entertain Friends

A few days ago C. O. Swift and son, 842 West North street, went hunting and returned with a pretty good bag of quails and decided to share their good luck with some friends. So Wednesday they invited to supper Rev. Mr. Howell, pastor of the Baptist church, wife and son, Mr. and Mrs. Bert Williamson and daughter, Mrs. Turner, Roy Blawell and Emmett Wittercheck, the latter two, students at Illinois College. A very pleasant time was enjoyed by the guests all of whom highly praised the skill of the hunter in securing the game and the lady who prepared it for the table.

Mrs. Albert Swain Is Hostess to Helping Class of Hebron

Mrs. A. Swain was hostess to the Helping class of Hebron church at her home Thursday afternoon. Twelve members were present and one guest, Miss Emma Ward. Mrs. Lewis Ward was in charge of the devotionals. Roll call was answered by something to be thankful for. Miss Anna Mae Wilson read a paper on the "Book of Samuel." The class decided to hold its chicken pie supper at the church Thursday, December 15. Following the business session a social time was enjoyed and the hostess served refreshments. The next meeting will be held with Mr. Dan Ward December 15.

State Street Aid Gives Shadow Party.

The Aid Society of the State Street Presbyterian church held a shadow party Thursday, each member bringing a shadow. A delicious luncheon was served to about seventy, the shadows growing quite substantially during the luncheon hour. Reverend Marbach gave a good talk on the goals of the church and how to reach them. The out-of-town guests who were entertained were Mrs. Nellis B. Prince of Chicago; Mrs. William Yates of Springfield, Mrs. Wellshever and daughter of Centerville, Iowa. The committee who had charge of the luncheon were Mrs. E. E. Crabtree, chairman; Mrs. E. Barr Brown, Mrs. John L. Johnson, Mrs. Matthew Miller, Miss Mary Dobyns, Mrs. John Siebert, Mrs. H. H. Bancroft and Miss Jeanette Russell. Plans were discussed for the bazar which will be held Dec. 1st.

Charming Bridge at Colonial Inn.

Mrs. Earl N. Epler of South Main street who was hostess at a delightful bridge tea given yesterday afternoon at Colonial Inn. Mrs. Epler was assisted in entertaining by Mrs. Joel Hubble, Mrs. A. R. Gregory, Mrs. Francis Rantz, Mrs. Garm Norbury, Mrs. Chester Hemphill and Mrs. Charles Hall.

Eleven tables of cards were made up. At the close of the hours of playing a dainty two-course luncheon was served. Russell roses were placed on the tables as favors for each guest when the luncheon was served.

Miss Lee P. Allcott won first prize. Mrs. W. H. Weirich second prize; the slam prize went to Mrs. Marcy W. Osborne. Among the out-of-town guests at this affair were Mrs. Frederick Buck, Jr., and Mrs. John W. Groves, of Springfield; Mrs. Andrew Lewis and Miss Rena Rexroat of Virginia, and Miss Elliot of Kansas City a guest of Miss Eleanor Masters.

Hostess to Fortnightly Club.

Mrs. H. L. Caldwell was hostess to the members of the Fortnightly club yesterday afternoon at her home on West College avenue. "An Autobiography" by Trudeau was the subject of the afternoon's program led by Miss Ruth Bailey, assisted by Miss Josephine Morey. The serving of light refreshments closed the afternoon.

Westminster Stages Successful Supper-Bazar.

Westminster church was the scene yesterday of a very attractive Christmas bazar given by the Ladies Aid society of the church of which Miss Eleanor I. Moore is the president. The sale of bazar articles was very successful and at five thirty a most excellent chicken-pie supper was served to more than 250 people.

In the afternoon the bazar was held and all sorts of attractive articles were sold. The aprons were in charge of Mrs. O. F. Conklin, Miss Anna Duer and Mrs. Lee Allcott. In another booth home made candy was sold by Miss Louise Holmes and Miss Anna Castle. The fancy work booth was in charge of Mrs. W. T. Reaugh, Mrs. D. B. Clark and Mrs. Frank Orear. The practical and useful articles were sold under the direction of Miss McCune and Mrs. Walter Bradish. In the children's department where all sorts of pretty and useful articles for the kiddies were sold. Mrs. S. I. Davis and Mrs. George C. Guthrie were in charge.

At 5:30 the delicious chicken pie supper menu was served. A competent committee had charge of the excellently served supper. Following the supper an excellent 3-reel motion picture was shown in the church auditorium.

Centenary Annual Bazar Proves Great Success.

The annual bazar and turkey supper given last evening by the ladies of the Centenary M. E. church met with unusual success. All the articles for sale at the bazar were disposed of and the dining room of the church was filled to its capacity at the serv-

C. N. PRIEST BUYS STATE STREET BLOCK

ACQUIRES GARAGE AND OFFICE BUILDING FROM D. N. JAMES

Will Remove Franklin Agency from Present Location on West Side of Square—Extensive Accessory Lines to be Carried

Announcement was made yesterday that C. N. Priest had purchased from D. N. James the property known as the Scott block on West State street. Mr. James acquired the property several years ago from Mrs. Louise M. Gilbert. The transaction, closed yesterday, was made through Erickson & Taylor, as real estate brokers.

Mr. Priest is to take immediate possession of the property and will remove from his present location in the Caswell building on the west side of the square. Mr. Priest is now well known among auto men in central Illinois as the district distributor for the Franklin Automobile company and will maintain the local Franklin agency at the building just purchased. He will also carry a very complete line of accessories.

The building is advantageously located for the automobile business and is in excellent physical condition. The vacant lot north of the building which is part of the property affords ample opportunity for expansion if it is determined later on that more space is needed, either for garage or display purposes.

Mr. James has been for a number of months operating a repair shop in a West Morgan street building in connection with the West State street establishment and it is understood that he expects to continue in business.

POULTRY SHOW TO BE GIVEN DEC. 13-14

The Morgan County Poultry Show and Corn Show will be held December 13 and 14, under the auspices of the poultry association and Farm Bureau. The catalogue is being prepared, and better prizes will be offered this year than ever before. It is expected that there will be exhibits from other parts of the state as well as from all over the county.

The show will be given in the Cherry Annex on North Main street, with D. T. Heimlich acting as judge of the poultry.

ing of the delicious turkey supper menu at 5:30 o'clock.

The bazar was in charge of Miss Winnie Wackerle as chairman. The booth, where fancy and practical aprons were sold was in charge of Mrs. Louis Kelly and Mrs. C. L. Henneghan. The attractive fancy work booth was under the direction of Miss Harrison, Miss Royce, Miss Emma Hunter and Miss Gertrude Atkins. In another booth delicious home made candies were sold by the girls in Mrs. Claude Vail's Sunday school class. Mrs. E. L. Kinney, who is the president of the aid society was the general chairman of the bazar and supper and it is to her and her loyal corps of assistants that the success of the affair is due.

Miss Clara Rason, Mrs. James Stice, Mrs. George Fuhr and Mrs. L. Clampt were the ladies in charge of the dining room and were assisted by about twenty-five others. The kitchen was in charge of Mrs. Dodsword, Mrs. Norton, Mrs. Arthur and Mrs. Jones. The salad course was cared for by Mrs. Weatherford, Mrs. Ellis and Mrs. Muehlhausen, and the desert by Mrs. Clampt, Mrs. Crouch, Mrs. Bundy and Mrs. Royce. Mrs. Clarence Siegfried had charge of the rolls.

Knights of Columbus Gave Euchre Party.

The Knights of Columbus and their families enjoyed a five hundred and euchre party at the K. C. hall last evening. A large attendance was present. During the evening the Knights served refreshments.

Prizes were won by the following persons: Mrs. Clancy, Anna Duffner, Otto Schumm, Frank Clancy, Mrs. Thomas Flynn, Thomas E. Reynolds, Mrs. M. D. Shanahan and Robert Flynn.

Box Social at Clark School.

A box and pound social was given at the Clark school house east of the city last evening for the benefit of the school. Mrs. Reisor is the teacher, and had charge of the arrangements. During the evening those in attendance enjoyed several musical numbers by the Misses Mamie and Dovie Corrington. The sum of \$25 was raised, and will be used to improve the school.

Missionary Society Held Regular Meeting

The regular meeting of the Women's Home and Foreign Missionary Society of Northminster church was held Thursday afternoon. Mrs. Homer Ferreira was devotional leader and Mrs. George Coraor literary leader. After a Thanksgiving prayer service topics on home and foreign missions were discussed.

Miss Estaque Hostess to Past Noble Grands

Miss Joyce Estaque was hostess to the members of the Past Noble Grand club of Jacksonville Rebekah lodge No. 13 at her home, 229 East College avenue Thursday evening. There was a good attendance and the members spent the evening in sewing for the annual bazar which will be held in the near future. During the evening Miss Frances Alkire gave a pleasing reading and the hostess served delicious refreshments. The next meeting will be held with Mrs. Minnie Suhay, 829 West Morgan street, December 15.

MYERS BROTHERS

WILL GIVE BOX SOCIAL

Kimman school northwest of the city will be the scene of a box social this evening. An interesting program has been arranged for the evening, and a large number of boxes will be raffled. Miss Gladys Wintler is the teacher and is in charge of the arrangements.

PARENT-TEACHER'S MEETING TODAY

The Parent-Teacher's association of the Fourth ward will meet this afternoon at the Washington school at 3 o'clock. A program will be presented by the pupils of the school and the mothers of the second grade will be the hostesses.

SERIES OF ACCIDENTS OCCURRED YESTERDAY

Glen Markley, 841 North Church street, painfully injured his left foot yesterday while at work at Cappa factory, where he is employed. He was handling a 100 pound cake of ice, which fell on his foot, badly smashing it. Dr. A. M. King gave him the necessary attention.

LEFT FOR CALIFORNIA

Mrs. Emily Nichols of 472 South Main street left today to spend the winter in Los Angeles, Calif. She will be a guest at the home of Mr. and Mrs. Joe Gaul, formerly of this city.

Henry Kloppe was a business caller in the city yesterday from east of the city.

This little bit of advice may help you to regain your Health, Strength and Vitality

Thousands of people suffer from nervousness. They are run down and miserable without knowing the reason why.

They do not stop to think that much of their trouble may be caused by drinking tea and coffee which contain the drugs, thein and caffeine. When you over-stimulate the system for any period of time, the result may be nervousness with its many accompanying ills. You may fail to sleep properly and your sleep does not refresh you as it should.

Postum, made from scientifically roasted cereals, will help you to overcome all these conditions. For it contains only healthful substances, instead of drugs, as are found in tea and coffee.

Postum helps build sound nerve structure, by letting you get sound, restful sleep.

In flavor, Postum is much like high-grade coffee. In fact there are many people who prefer Postum for its savory flavor alone.

Order Postum from your grocer today. Serve this rich, fragrant beverage for the family. See how the children will like it, and how much better everybody will sleep at night.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health—"There's a Reason"

SERVICE

What Is Service?

We believe some of you may have forgotten what constitutes service.

We believe giving service means just this:

- 1st—Be courteous and prompt.
- 2nd—Get your customer right—the first time.
- 3rd—Perform your work in an expert way.

In maintaining an organization with equipment, we are doing it to please our customers. All we ask in return for our effort is try as hard to do your part as we try to do ours.

Did you ever notice how much trouble you caused in the world by expecting more than you were willing to give.

Yours for Better Service

A National Demonstration to Save Women

Mr. H. H. Tice of The Emerson Engineers reading the pedometer on the operator. Note the stop-watch in his other hand.

Save 349 Steps on Breakfast Alone with a

Napanee Dutch Kitchenet

NOW we know how housewives exhaust themselves each day. We know, too, how they can prevent it. We are joining a national demonstration to tell all women of the uselessness of this exhausting fatigue.

By scientific measurement we know that 2,113 steps are taken in getting three simple meals every day in the average kitchen. Scientific tests prove three-fourths of these wearisome steps can be saved. The physical effort is reduced to one-quarter. The vast importance of these discoveries cannot be exaggerated.

They are the result of scientific time and motion studies of the preparation of meals under the direction of Mr. Harrington Emerson, foremost efficiency engineer.

Mr. Emerson scientifically compared the work of getting meals with and without a Napanee Dutch Kitchenet. Thousands were spent on these studies. Each motion was timed and each step was recorded by stop-watches and pedometers. Two foremost domestic scientists were consultants in the preparation of countless dishes under this scientific observation. Amazing discoveries resulted.

Save 1,592 Steps Every Day

Mr. Emerson found that 466 steps were necessary in an average kitchen to get a simple breakfast without the Napanee! That 349 of these were saved by the use of the Napanee!

He found that 509 steps were saved in getting luncheon. 734 steps in getting dinner. His discoveries mean the end of the most distressing hardship housewives suffer—constant fatigue.

These astonishing savings are possible because the Napanee is scientifically designed to make every motion and every minute count. Its superior construction, its new and greater conveniences are the reasons for its amazing value to women. Come and let us show you these superiorities today. Let the long strain of kitchen work end now. Come and learn with all the women of America of the new kitchen era.

A Statement by Mr. Harrington Emerson

It is clear from our scientific studies that the striking savings of the Napanee Dutch Kitchenet are along three distinct lines:

- 1—Saving of effort, fatigue elimination;
- 2—Saving of time;
- 3—Standardization of work.

The saving of energy, shown by the large reduction in the number of steps, is very striking. By accurate quantitative measurement, three-quarters of this physical exertion is saved. It is reduced to one-quarter.

Harrington Emerson

Mr. Emerson is a member of the Committee on Elimination of Waste in Industry, founded by Mr. Herbert Hoover.

PLEASANT SOCIAL EVENT AT ROODHOUSE

Friendship Class of M. E. Sunday School Meets With Mrs. Bates—Roodhouse Defeats Carrollton in Football Game—Other Roodhouse News.

Roodhouse, Nov. 16.—The Friendship class of the M. E. Sunday school held their quarterly class party at the home of Mrs. C. T. Bates Thursday evening. Forty-eight members were present. The house was tastefully decorated in honor of Armistice day. The evening was spent in games and music, the star feature being autobiographies written in pictures in a unique manner. Mrs. Carl Savage won a very fitting prize for her efforts.

Refreshments of brick ice cream, angel and devil food cake finished this delightful evening. Assisting Mrs. Bates were Mesdames Merrill, McGrew, Ford, Sink, Edwards, Locker, Griffert, Bradway, Gallman, Barnett, Ennis, Shap, Smith and Miss Hallie Rimbey.

The W. F. M. S. of the M. E. church met with Mrs. Lee Smith Thursday afternoon. Twenty-two members were present. Mrs. Ben presented. Mrs. L. K. Hallcock led the devotion. The lesson was given by Mrs. Dave Harris assisted by Mrs. Fred Todd, presented the A. B. C. of Missions very interestingly. Mrs. George Ennis favored with special music. Mrs. Walter Shuman had charge of the mystery box. Mrs. Smith assisted by Mrs. Robert Wright and Walter Ricks served dainty refreshments and a pleasant social hour concluded the afternoon. The society plan a bazaar to be held in December. Mrs. I. E. Close was chosen chairman of the committee on arrangements.

Mr. and Mrs. Amefield and Mrs. E. E. Wedt and son,

Russell of St. Louis were week end visitors at the home of Mrs. Wedt's niece, Mrs. Ben Davis. The Junior League will hold a bazaar and food sale in the basement of the M. E. church on Saturday, Dec. 3rd.

Another case of cocksureness met with disastrous defeat last Saturday afternoon when Roodhouse high school football team walked thru the Carrollton line for a score of 33 to 6. Carrollton's lone touchdown made in the first three minutes of play was the result of a fumble on the part of Roodhouse on the kick-off. Carrollton getting possession of ball within a few yards of goal and carried it over on end run on the third down.

That was as far as the county seat boys got. They failed to kick goal and were never able to seriously threaten our goal, being outplayed at all points of the game.

For some reason or other the Carrollton boys had conceived the idea that Roodhouse was to be easily defeated and it was a severe blow to their morale when their mistake was learned on the field. A large crowd of rooters drove down from Roodhouse to witness the game. The attendance was nearly 50 to 50 between the two cities with probably a preponderance of automobiles in the Roodhouse side line.

Save money by buying your groceries at wholesale prices at M. D. Shanahan's.

FRANKLIN

Mrs. Ed F. Seymour, Mrs. Clara Seymour and Mrs. Curtis Scott returned Monday from a visit with their sister, Mrs. Minerva Knoles of St. Louis, who is in very poor health.

Mrs. James Oxley of Palmyra, who is staying with her parents, Mr. and Mrs. Harvey Spire, and taking treatments in Jacksonville spent the week-end at home.

Word has been received by friends of Mrs. Kate Grider who went to St. Paul, Minn., to spend the winter with her daughter, Mrs. Elma Nichols that her daughter died recently. Mrs. Nichols had been in poor health for some time.

Mrs. Jane Etter of Palmyra is seriously ill and her death is expected at any time. Mrs. Etter is a former resident of this place. Mr. and Mrs. Clara Hunt and daughter were Sunday visitors at Leslie Clayton's.

Mr. and Mrs. Elmer Strawn and little son of Alexander spent Sunday with Mr. and Mrs. W. M. Skeans.

Mr. and Mrs. Harvey Spire received a sack of pecans from their son, Edward in Oklahoma recently. There is an abundant crop this year in that state.

John Bland is visiting home folks.

Mrs. George Schaaf and son Kenneth returned Friday evening after a few days' visit with her mother at Bath.

FARM BUREAU NOTES

W. P. Flint, chief field entomologist of the state of Illinois, has furnished us with the following recommendations made by the entomology committee at the Springfield conference of farm advisors. R. L. Eymann and A. D. Davidson, farm advisors in Jersey and Brown counties, respectively, were members of this committee.

"1. As a means to preventing insect damage we are recommending an increased acreage of legumes.

"2. (a) As a means to prevent chinch-bug damage we recommend the growing of soybeans in every acre of corn in the area infested with this insect.

"(b) We especially recommend a vigorous campaign of winter burning of all hibernating places of chinch-bugs in the prairie areas.

"(c) In those areas seriously infested with chinch-bugs we recommend those varieties of corn which have been found resistant (Democrat, Champion White Pearl, and Black Hawk.) We especially recommend the exclusive growth of these varieties on the poorer types of soil.

"(d) We recommend the use of the limestone-crocoite type of barrier and the use of barriers wherever they are deemed advisable.

"3. In view of the unquestioned benefit derived during the past two seasons from the general observance of the fly free date of seeding wheat, we recommend the strict observance of this date in the future.

"4. In view of the unusual abundance of the insects injuring stored grain, we recommend the carbon bisulphid method of treatment for control.

"5. As a suggestion we think it would be advisable for a party of corn growers and county agents to visit the areas infested with the European corn borer about September 1, 1922, that they may become personally acquainted with conditions as they exist in the fields there."

MARKET

Circle number two of the Pastors Aid society of the First Baptist church will hold a market and apron sale on East State street at Conlee's meat market Saturday, beginning at 9 a. m.

CARD OF THANKS

We wish to thank the friends and neighbors who assisted us so kindly in our recent bereavement also for the many beautiful flowers.

Henry Strawn and family

MURRAYVILLE CLUB MET WEDNESDAY

Domestic Science Club Held Regular Meeting at Home of Mrs. C. T. Daniels—Interesting Papers Given.

Murrayville, Nov. 16.—The Murrayville Domestic Science club met this afternoon with Mrs. C. T. Daniels. After a brief business session the program was given. The program opened with the club prayer which was followed by the singing of "Home Sweet Home." "Who Is My Friend" was the subject of roll call and the members responded with beautiful psalms on friendship.

Mrs. William White presented a paper on the Boy Scouts. She gave a history of the scout movement and emphasized the benefit that would accrue to the boys of today who will be the citizens of tomorrow.

The needs of the hour was the subject of the paper of Mrs. C. T. Daniels. She impressed upon her hearers that the great need of the hour is harmony. The little things in life create discord. In the big things we are one. Miss Mary Gunn was a guest of the club. Following the business session and program the hostess served refreshments.

The club will hold a bazaar and give an oyster supper Thursday evening December 15. The next meeting will be held with Mrs. J. L. Solomon.

DR. RULE IS USEFUL MAN

It is a rule of mathematics that a cipher fills a vacant place and when, for instance, six is taken from six a cipher remains. But not always is this just for some times there are vacant places filled by something much more important than a cipher. Just now the M. E. church pulpits at Providence and Durbin are vacant owing to the removal of the minister assigned by the conference and so Dr. F. M. Rule is filling the pulpits most acceptably to the people. In a number of cases this worthy servant of the Heavenly Master has occupied ably vacant pulpits and though he is a retired superannuated man, still like the immortal law giver of the children of Israel, it may be said his eye is not dim nor his natural strength abated and his many numerous friends hope he will be spared for many years to come.

VISITOR FROM IOWA

E. E. White on Ashland avenue, is enjoying a visit from his brother, D. O. White on Wellman, Iowa. The brothers had not met for 22 years and neither knew the other, but the meeting was most happy when once the identity of each was made known.

MORGAN

Clyde H. Williams and family and Charles E. Williams spent Sunday with T. U. Markham and sisters in Chapin.

Mr. and Mrs. Irvin Coulson and daughter spent Sunday in Jacksonville at the home of Mr. and Mrs. Tom Knapp.

Mr. and Mrs. Frank Callaway were Sunday guests of Mr. and Mrs. George Hogan in Winchester.

Charles E. Williams, Mrs. Clyde H. Williams and daughter Lorraine were Jacksonville shoppers Tuesday.

Mr. and Mrs. John Tholen and daughter, Miss Mabel of Jacksonville spent Sunday at the home of John Anderson.

Mrs. Louis Schone's sale was well attended Thursday and prices were satisfactory.

Mr. and Mrs. Elza DeSollars of Beardstown visited his sister, Mrs. O. P. Hamilton and family Thursday.

CLUB NOTICE

The South Side circle will meet Friday afternoon at the home of Mrs. Ollie Parker on West State street. Mrs. Winchester will be the hostess.

Big bargains in groceries at M. D. Shanahan's closing out sale.

Skin Diseases Due To Waste Products In The Blood

For Genuine Relief Your Blood Must Be Purified.

For real, downright, harrassing discomfort, very bad skin disorders can approach so-called skin diseases, such as eczema, tetter, boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatments applied externally to the irritated parts.

To correct the basic trouble—waste products—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 743 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.

FUNERAL OF AGED WHITE HALL RESIDENT

Dr. George W. Burns to be Laid to Rest This Afternoon—Other News from White Hall and Vicinity.

White Hall, Nov. 16.—Funeral services over the remains of Dr. George Washington Burns will be held in the Methodist church at 1 o'clock Thursday, the discourse being delivered by Dr. J. O. Kirkpatrick. The services will be under the auspices of the Masonic order, and members of G. A. R. post will serve as honorary pall bearers. The burial will be in the White Hall cemetery.

Dr. Burns died at 2:20 p. m. Monday. He had not been at his office downtown for three months or more, and took to his bed three weeks before his death. He was born at Sandy Lake, Penn., September 27th, 1839, and was a little over 82 years of age at the time of his death. He was one of a family of eight children, the only survivor of whom being Mrs. Esther Phenice, who made her

home with the doctor since the death of Mrs. Burns on March 12th, 1914. Our subject grew up in his native community, and attended the district school and high school. He then taught school for a time, and was only seventeen years of age when the Civil war broke out and he enlisted in 1863 in Company A, 139th Pennsylvania Infantry. He was wounded early in the war and confined in a hospital in Washington. The gun shot wound in his thigh prevented him from travel or performing military duty, but he was able to do hospital service, remaining in that service until the close of the war. His hospital service brought him in intimate touch with Clara Barton, founder of the Red Cross, and this acquaintance and friendship was never allowed to die, once a year or oftener there being an interchange of felicitations between the two. Dr. Burns delighted to recall at every opportunity his several meetings with Abraham Lincoln on the latter's visits to the hospitals, and the cheering and hopeful words of the great emancipator.

At the close of the war Dr. Burns returned to Pennsylvania, with a desire for study of medicine, graduating at Philadelphia in 1872, in which year he and Miss Helen Margaret Black were married in Mercer, Penn. They came to Green county, Illinois, immediately following their marriage, locating at Patterson for a period of nine years before coming to White Hall. In 1878 Dr. Burns went to Cincinnati and matriculated. The deceased was a member of the Methodist church, the Masonic fraternity, the Culver G. A. R. post and the Green county Medical society, having served a term as president of the latter organization. There were no children.

Disagree Over Appointment
There is still disagreement over the appointment of a member of the local board of health. A special meeting of the medical society was held in the office of Dr. W. W. Billings Monday night, presided over by Dr. McLaren, president of the society. Others present were Drs. W. T. Knox, secretary; W. W. Billings, E. J. Peek, W. H. Garrison, W. C. Tunison, J. S. Billings. By invitation there were also present Mayor H. W. Roodhouse, Alderman V. T. Winters, members of the health board, and E. L. Wendell.

Dr. McLaren set forth the purposes of the meeting, after which Mayor W. W. Roodhouse reiterated the position he had taken at the last regular meeting of the city council. Dr. Garrison, Tunison and Knox also spoke, strongly advocating the appointment of Dr. McLaren.

President McLaren called Mr. Wendell to the floor, and in the course of his remarks brought out the fact that he believed the naming of Dr. McLaren would provide the services of a thoroughly competent physician and a Christian gentleman, who would faithfully and conscientiously discharge the duties of a health officer, but that it is simply impossible, on account of the political situation in the city, for Mayor Roodhouse to appoint Dr. McLaren without bringing great embarrassment and criticism on his administration. At this point Mayor Roodhouse, Alderman Winters and Mr. Wendell retired.

Some years ago the city council passed an ordinance requiring the mayor to appoint at least two medical men on the local board of health. Since that time it has been the custom of the medical society, when a vacancy or vacancies occur, to hold a meeting and place in that the names of all members of the medical society, except those that had served recently on the health board, and draw out one or more names for recommendation as the medical men whose names had been so drawn for appointment on the health board. At the last regular meeting of the city council Dr. W. T. Knox resigned as a member of the board of health, and the medical society unanimously recommended that the mayor appoint in his place Dr. F. N. McLaren, a former mayor.

Celebration a Success.
Reports that have been coming to Mrs. Mame Winters since the Armistice Day celebration last Friday give evidence that had the weather permitted the crowds in White Hall on that day would have eclipsed the great soldiers' reunion in 1877, the first great soldiers' gathering following the Civil war which resulted in the movement that finally crystallized in the erection of the White Hall soldiers' monument.

Armistice Day at White Hall had the co-operation of all neighboring towns, the only other observance near here being at Berdan in the morning, and notwithstanding the unfavorable weather the American Legion post will be the net gainer to the extent of approximately \$295, according to a statement made today by Mrs. Winters, who makes a special request that these columns carry special thanks to all who so nobly assisted in making the occasion a great success under the unfavorable circumstances, especially thanking Mrs. W. S. Cora for providing horses for the parade, Walter Dunphy for like services, A. E. Hudson for garage accommodations, the C. I. P. S. Co. for electric stoves and other accommodations in serving the meal, and special donations brought the total up to the approximate figure. The net figures are based on the idea that donations of various sorts will take care of all the expenses.

Mrs. Winters was the leading spirit in the entire undertaking, and she very well thereby retained her title of "Mother of the Soldier Boys."

Robin's Best Flour for best bread.

ASBURY

Asbury Aid society will hold an all day sewing in the church parlor Thursday, Nov. 18. All members are requested to be present and bring their lunch.

Mr. and Mrs. Marion Zachary and family and Mr. and Mrs. W. E. Barrows were Sunday guests of Mr. and Mrs. John Becker.

Miss Annella Megginson of Prentice spent the week end with her cousin, Miss Marie Hembrough.

The Asbury Aid society will hold a bazaar and supper in the church basement Thursday, December 16.

Mr. and Mrs. Charles Bealmear of Sinclair spent Sunday with Mr. and Mrs. George Hembrough.

Mrs. John Becker and Mrs. Carl Hembrough attended the funeral of Ernest Wood in Pisgah last Thursday.

Lawrence Hembrough a freshman in the Jacksonville High school spent the week end with his parents, Mr. and Mrs. James R. Hembrough.

Mrs. Joseph Megginson and Mrs. George Megginson spent Monday at George Megginson's farm west of Jacksonville.

Mrs. Carl L. Hembrough attended the meeting of the Jacksonville Woman's club last Saturday.

Maurice Dumesnil, eminent French pianist, Music Hall, Monday evening, November 21st. Admission \$1, or entire Artist Course ticket, \$2.50, at Brown's Music Store.

DURBIN

There will be a program and box supper at Durbin school Thursday evening, the 17th.

Ladies' Aid meeting will be with Mrs. Travers, Wednesday and the Epworth League will hold a rally Wednesday evening.

C. L. Hawker spent part of last week in Chicago, representing the Rees Livestock Shipping association.

Mrs. Harrison of Jacksonville and Mr. and Mrs. Homer Harrison of Woodson were Sunday guests of Mr. and Mrs. William Davies.

Master Merle Stewart of Normal, is visiting his aunt, Mrs. L. Oxley.

Bake with Robin's Best Flour.

FARM BUREAU NOTES

Annual Meeting of Farm Bureau
The annual meeting of the Farm Bureau will be held Wednesday, November 20th. It is the plan to dispose of considerable of the business before noon, eat lunch together, and then have the main address immediately after lunch. Howard Leonard of Eureka will quite likely make the main address that day.

First Inquiry for Ear Corn
The Farm Bureau office has just received the first inquiry for a carload of ear corn. This came from E. W. Rusk, the Farm Adviser in Macoupin county, who asked for a delivered price. Inquiries of this sort are ordinarily referred to elevators, as farmers are generally reluctant to load ear corn and send it subject to shippers orders.

Corn and Poultry Show
The Morgan County Poultry Association has asked the Farm Bureau to stage a corn show at the time of the annual poultry show in December. The executive committee of the Farm Bureau authorized the farm adviser to go ahead with the project. After giving the matter considerable thought we have decided to stage it as a junior show open to boys and girls in the high and rural schools of the county. Prizes will be offered for individual and school exhibits of seed corn.

Last Spoonful
Same as
the First

Calumet is made under such exacting conditions—packed in such a scientific manner, that its leavening strength and purity never vary. It retains its original strength for months after leaving the factories.

When you tip the can to get the last spoonful, you know your baking will turn out all right—the last spoonful is the same as the first. This uniform quality of

CALUMET
BAKING POWDER

is cause for its big demand. Housewives know they can depend upon the results obtained—that climatic conditions or temperature cannot deteriorate its positive leavening power.

When you buy baking powder remember these facts—that a uniform leavener means bakings that do not vary in quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.

Silver for Thanksgiving!!

Thanksgiving is a day for the gathering together, in many homes, of a large number of relatives and friends—a timewhen we want our tables to look their prettiest.

IS THERE AN ARTICLE NEEDED?

Perhaps you have been waiting until this time to get an extra half dozen spoons, knives and forks, or other necessary table article.

The Arcade

AN ORDINANCE

To Regulate the Sale of Milk and Cream and the Manner of Selling the Same, and to Provide For and Regulate the Inspection of Milk and Cream Sold or Offered For Sale, in the City of Jacksonville.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF JACKSONVILLE, ILLINOIS:

Section 1.
There is hereby established a Division of the Department of Health of the City of Jacksonville to be known and designated as the "Milk Division." The Health Warden shall be the head of said Division.

Section 2.
That no person, firm or corporation shall sell or offer for sale, any milk or cream in the City of Jacksonville, Illinois, excepting to persons, firms or corporations for the manufacture of pasteurized products, without first having obtained a license so to do from the City of Jacksonville. Every such person, firm or corporation shall annually on the first day of January, pay a license fee of Two Dollars; provided, that if such distributor sells milk from two or less cows only, he shall be required to pay a license fee of One Dollar only. When more than one wagon, carriage, vehicle, store or building shall be regularly used by such person, firm or corporation, in the business of distributing such milk or cream, there shall be paid at the same time and in a like manner, for each such additional wagon, carriage, vehicle, store or building, the further sum of Two Dollars; provided, however, that a dealer selling from a store, and who purchased the milk or cream distributed by him solely from one who has paid a license fee and received a license aforesaid, shall not be required to pay any fee for his license, but shall be subject to all the other provisions of this Ordinance. All licenses granted pursuant to this Section shall be valid for one year unless revoked or suspended by the Mayor, and the Mayor is hereby expressly granted authority to revoke any such license for the violation of any of the provisions of this Ordinance; other than a first offense and no such license shall be re-instated and no license shall be issued to any person whose license is revoked as aforesaid, for one year after such revocation, except on the express recommendation of the Health Warden. If at the time of application for a license, under the provisions of this Section, less than six months of the current license year shall have expired, the applicant shall be required to pay for such license the full annual license fee, and if at the time of such application, more than six months of the current license year have elapsed, the applicant shall be

required to pay one half of the annual license fee.

Section 3.
The application for such permits shall be in writing on blanks to be furnished by the City of Jacksonville, and must be accompanied: (1) By full written answers to all questions prescribed by the Health Warden; (2), Said application shall also give the name and address of the applicant, the location of the place at which it is desired or intended to carry on such business, and the number and description of each and every wagon, carrier or other vehicle intended to be used in the business; (3) He shall furnish a true and complete statement as to the locality from which the milk or cream proposed to be sold or exposed for sale, is obtained; also, a full and complete list of persons (with addresses) from whom said milk or cream is purchased or obtained, and an immediate notice shall be given of any change in such list, except that he need not add to the list the name of a licensed producer. Also, the number of cows, if any, owned or controlled by the applicant.

Section 4.
No person shall sell or distribute, or have in his possession with intention to sell or distribute any milk which contains less than eleven and one-half (11½) per centum or milk solids, or more than eighty-eight and one half (88½) per centum of watery fluids, or less than three (3) per centum of butter fats, nor shall milk containing over 350,000 bacteria per cubic centimeter, be sold or offered for sale in the City of Jacksonville.

Section 5.
No person shall distribute or sell, or have in his possession with intent to sell or distribute, any cream which contains less than eighteen (18) per centum of butter fats, unless the amount of butter fats therein is plainly and legibly marked on the outside of every can, bottle, vessel or container in which it is kept, stored, shipped, transported or from which it is sold.

Section 6.
No person shall distribute or sell, or have in his possession with intent to distribute or sell, any milk or cream which contains any water, drug, chemical, preservative, or coloring matter, condensed milk, or any substance of any kind or character which has been added thereto or mixed therewith, and it is expressly provided that this Section shall apply to hotels, cafes, restaurants, etc., selling milk for consumption on the premises, as well as to distributors as aforesaid.

Section 7.
No person shall sell, or offer for sale, or expose for sale, or have in his possession for the purpose of selling, any milk from which cream or any part thereof, has been removed, unless every container thereof shall be distinctly labeled "skim milk," and it is expressly provided that this Section shall apply to hotels, cafes, restaurants, etc., selling milk for consumption on the premises, as well as to distributors as aforesaid. This Section does not affect the sale of "Standardized" milk, when same meets the requirements of this Ordinance and contains 3.5 per cent of butter fat and is so labeled.

Section 8.
That every applicant for a permit to sell milk or cream, must agree to comply with the following stipulations:

(a) No milk shall be sold or offered for sale, or distributed in the City of Jacksonville, which has been obtained from any cow that has calved within five days or from any cow which is to calf with fifteen days. No milk shall ever be sold or offered for sale that contains stringy or bloody matter.

(b) All utensils or bottles used for the collection, transportation or protection of milk, before being used shall be thoroughly cleaned and all utensils other than glassware, shall be scalded with boiling water or sterilized with live steam. They shall then be left to drain in a dry place and exposed to the sun and air.

(c) Immediately after being drawn from the cow, milk shall be removed from the stable or milking place to a separate room or place, strained thru cotton or fine mesh cloth and cooled. This room or place shall be cleaned, aired and lighted and shall be kept at all times in a clean and sanitary condition.

(d) If bottles are used in delivery of milk, such bottles shall invariably be cleaned before using. Bottles shall not be filled or refilled from the wagons. All milk or cream shall be delivered in bottles, or in single service containers, or in tanks equipped with faucets, and all such containers, including such tanks, shall be sealed at the dairy, and the milk sold from such sealed tanks shall be drawn thru a faucet and not dipped. The sale of what is known as "dipped" milk is hereby prohibited, provided that this sentence shall not apply to the delivery of milk or cream in quantities of four or more quarts at a single time.

(e) That immediate notice shall be given to the Health Warden of any known case of communicable disease (venereal diseases and consumption) in any person or in the household of any person employed or residing within the dairy premises, milk depot or creamery which produces or supplies milk or cream for sale or delivery in the City of Jacksonville.

(f) No milk or cream shall be sold or offered for sale, when it is produced or supplied in whole or in part, from any dairy handling the milk or employee handling the milk is affected with any communicable disease, including sore throat and running at the ears.

(g) No milk bottles or other containers shall be removed from

any place where scarlet fever, diphtheria or typhoid fever or any other contagious diseases exist, until such bottles or containers have been thoroughly washed and sterilized under the direction of the Health Warden at the time of disinfection of the premises.

(h) In case of any sickness or communicable disease occurring in a dairy herd, the infected cattle shall be immediately isolated from the rest of the herd, and the owner or person in charge shall immediately report the same to the Health Warden and Veterinarian, and no milk shall be sold or delivered until the same has been properly investigated and precaution taken to prevent anything detrimental to the health of customers.

(i) Milk or cream produced in whole or in part from cows or a cow, affected with any systemic disease, or from a diseased udder, shall not be sold or offered for sale until a competent veterinary shall have examined such cow and has pronounced to the Health Warden that the milk therefrom is safe and harmless for human consumption.

(j) Everything about the farms, stables, dairies, milk wagons and milk depots or dealers doing business in this City shall at all times be open to the inspection of the Health Warden or his representative, and shall be kept in a clean and sanitary condition.

(k) Milking must be done in a clean and sanitary manner, and not with wet hands, and the udder of the cow must be cleaned before milking.

(l) Milk drawn at night must not be mixed with milk drawn in the morning, nor vice versa, and no milk shall be sold or offered for sale which is over 26 hours old and no milk shall be sold or offered for sale as sweet milk giving an acid test of more than .25 per cent. The testing for acidity of milk must be made at the time the sample is taken.

(m) All milk shall be cooled to a temperature of fifty-five degrees Fahrenheit immediately upon milking and shall be kept at a temperature of not more than sixty-three degrees Fahrenheit thereafter until actually delivered to the purchaser or consumer.

(n) The stable yards on the premises where the milk or cream proposed to be sold or exposed for sale, is produced, shall be drained and kept in a clean sanitary condition.

(o) Creameries which sell nothing but pasteurized products are hereby exempted from the provisions of this Section, as are also the persons selling only to such Creameries.

Section 9.
All milk sold, or offered for sale within the City of Jacksonville, Illinois, after July 1st, 1922, shall be properly pasteurized, or shall have been produced from herds which have been placed under Federal Supervision for Tuberculosis or shall have been tuberculin tested by a competent veterinarian according to the rules of Federal Supervision.

Section 10.
In the event that any dealer desires to label, advertise and offer for sale, his milk or any part thereof, as "Baby's milk," he shall be permitted to do so upon complying with the following requirements as to such milk, in addition to all the other requirements of this Ordinance.

(a) Each cow of the herd from which such milk, or any part thereof, is produced, shall be tuberculin tested before such label shall be authorized, and shall thereafter be tuberculin tested at least yearly when no "reactors" are found in the herd and every six months when "reactors" are found within the herd, and any cow giving a positive reaction to such a test, shall be at once expelled from such herd, and any suspect must be re-tested within the 60 day limit and if it gives a positive reaction, shall be at once expelled from such herd. Any cow sought to be added to a herd, shall, before being allowed to run with the herd, be tuberculin tested and if it gives a positive reaction it shall be excluded from the herd and the premises thoroughly disinfected.

(b) The milk shall not contain over Two Hundred Thousand bacteria per cubic centimeter as counted by the Agar Plate Method.

Section 11.
Sample of milk or cream shall be furnished to the Health Warden, or his authorized agent, by any producer or dealer, or may be taken by the Health Warden, or his authorized agent, from any milk wagon or distributing station at any time upon the tender of proper payment therefor, and in such cases shall leave a similar sample in a sealed bottle with the producer or dealer. Producers will be responsible for the testing of their milk only when the same has been furnished directly by them or taken from their wagon or distributing station by the Health Warden or his authorized agent.

Section 12.
At least three tests shall be made of the milk of a dealer before he shall be permitted to label, advertise or sell his milk as "baby's milk," and thereafter tests of such milk shall be made at least once a month, and if he fails to attain the standard provided in Section Ten (10) on three successive tests, he shall lose his right to label, advertise or sell such milk as "baby's milk," until three successive tests have demonstrated that it again complies with the requirements of Section Ten (10).

Section 13.
A record shall be kept by the Health Warden, which shall be open to the public at all times, giving a list of all persons, firms or corporations to whom licenses to sell milk or cream shall have been issued, and in case of the

suspension or revocation of a license, a notice to such effect shall be published at once in the local papers.

Section 14.
As soon as any violation of the provisions and stipulations of this Ordinance by any person, firm or corporation shall come to the knowledge of the Health Warden, he shall immediately report such violation to the Mayor, and notify the person, firm or corporation so violating this Ordinance. When a second violation of this Ordinance by any firm, person or corporation, shall come to the knowledge of the said Health Warden, he shall report such violation to the Mayor, together with a recommendation that the license issued to such person, firm or corporation be suspended or revoked, and the Mayor, upon being furnished with sufficient evidence shall thereupon suspend or revoke such license of such person, firm or corporation.

Section 15.
Any person, firm or corporation who shall violate any of the provisions of the foregoing Sections of this Ordinance shall be liable to a fine of not less than Two Dollars and not more than One Hundred Dollars for each and every offense.

Section 16.
The invalidity of any portion of this Ordinance shall not affect the validity of any other portion herein which can be given effect without such invalid part.

Section 17.
This Ordinance shall be in full force and effect from and after January 1st, 1922.

Passed at a regular meeting of the City Council of the City of Jacksonville, Illinois, this 14th day of Nov. A. D., 1921.

Approved this 14th day of Nov. A. D., 1921.

CHARLES F. EHNE, Mayor Pro Tem.

Attest:
J. E. SCOTT, City Clerk.

Step on the Bear-Cat's Tail

You'll think they shot you out of a rapid-fire Hun-silencer.

The folks that taught this Bear-Cat to jump knew some tricks. There's GO in the Bear-Cat's snouts. When he talks to your motor, something happens.

Bear-Cat plates are porous, so that the electrolyte gets at all the active material all at one swipe. They're strongly hand-pasted, so that the active material stays and wears and lasts.

The separators are of specially treated Port Orford cedar—very porous. That helps to get the action.

All current-carrying parts are oversize, too.

You want to step on a Bear-Cat in your car. Come in here and have a look.

The Profitable Method of Farming

First, the cow, the real foundation of society.

The feed grinder, to save feed and produce more fat and milk.

The milking machine, to reduce labor cost and have a more sanitary product, also eliminate the slow, tedious job we all detest.

The cream separator, to obtain more butter fat or cream at a less cost and to eliminate waste.

The three BIG MONEY MAKERS for the live farmer.

We will sell any or all of the above on terms that will allow your extra profits which they make, to pay for them. No investment can be made that will bring you as large returns.

Call in and allow us the pleasure of explaining to you our method of helping you to increase your bank account to help you pay off your debts. Our method is better than

The Federal Government plan of financing the farm. See us at once.

**Genuine
Common Sense**

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

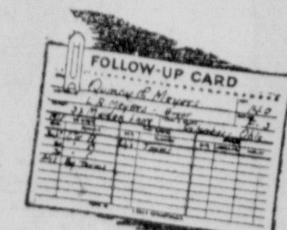

For "because it is a Ford" means dependability, ease of operation, efficiency—and it means sure, quick transportation.

And "because it is a Ford" means good taste, pride of ownership and genuine Common Sense.

The Ford Sedan, a closed car of distinction, beauty and convenience, is the ideal all year 'round car, for pleasure or business—for the farm, town or city. It gives you all that any car can give at a much lower cost for operation and maintenance.

Ford Cars of all types are in great demand, so place your order at once if you wish to avoid delay in delivery.

ECONOMY STORE IS BURGLARIZED
The Economy store on North Main street was burglarized some time Wednesday night or Thursday morning and \$10 in cash taken. The burglars gained entrance through a window in the rear of the store. Nothing else was missing. The burglary was

not discovered until Hugh McGuire, who manages the store, opened up Thursday morning.

RED CROSS HELPS DISABLED SOLDIERS

Illinois Chapters Fulfilling Obligations—Also First When Disaster Befalls a Community

Illinois chapters of the American Red Cross are fulfilling their obligations to the disabled ex-service men. That fact, is proved beyond doubt by reports in the hands of H. J. Rodgers, chairman of Morgan county, which show that during the past year \$410,000 has been spent by the 126 chapters of the American Red Cross in Illinois in giving aid to more than 105,500 World war veterans, or members of veterans' families. Of those helped, 10,400 were ex-service men of Illinois while 1,521 were disabled men still in service. Out of this number, the Morgan county chapter gives service to 862. The service given has included the adjustment of allotment and allowance claims, compensation and insurance, discharge and thorough investigations, personal attention to hospital patients, the giving of family relief, the untangling of individual problems—in every case a personal service obviously beyond the power of the government to undertake. For relief in disaster the entire country has come to look to the Red Cross, the organization that in the fiscal year 1920-1921 expended \$1,600,000 in aiding victims of seventy disasters. During the recent flood at Pueblo, all Red Cross chapters stood ready to render assistance. To date \$5,484.92 has been contributed from residents in Illinois through the Red Cross to Pueblo relief. The nine states of the division have donated \$36,450.64. Of the \$500,000 needed for rehabilitation, \$350,000 has been received from all parts of the country. In addition to the service carried on the disabled service men—the first obligation to the past.

The Red Cross chapters in Illinois have been building for the future in improving the health conditions of their state. Today there are fifty-one Red Cross public health nurses employed by the Illinois chapters who devote their time to the relief of the sick, and the education of the well. This is an increase of approximately twenty per cent over the number employed last year. Morgan county has two Red Cross public health nurses, Miss Jacobina B. Riecke, who works in the county outside of the precinct of Jacksonville, and Miss Ellen Moede, who works in the precinct of Waverly and is paid jointly by the city of Waverly, the school board, and the Red Cross.

To aid in carrying out these many activities and to increase the community usefulness of the local Red Cross chapters, an opportunity will be given for renewing membership in the Red Cross during Roll Call. This opened on Armistice day, November 11 and continues through Thanksgiving. Every contribution is an investment in community welfare, and in relief activities, locally, nationally, and internationally. The Roll Call in Jacksonville is under the United Budget campaign—give your Red Cross membership to the United Campaign solicitor.

FALL MIGRATION OF BIRDS COMES EARLIER THAN USUAL

The annual flight of wild game birds southward from their breeding grounds is on and is ahead this year of the usual time such flights start, according to the Biological Survey, United States Department of Agriculture. Many more thousands of birds are now on the wing, the department states, than have flown south for years.

All indications are that the flight will not only furnish hunters excellent sport, but that there will have to be little waiting after the open season starts. No reason is assigned by the department for the earliness of the southern flight. Only the birds know.

The pintail and the teal already are on the wing. The mallard, the canvas-back, the redhead, the wideopen, the black head and other later emigrants soon will be on their way to warmer climes. Reports from almost every section tell of the great size of the flights already under way.

From the sandhills of Nebraska come reports of larger numbers of ducks than seen for years. Little Goose lake in South Dakota, visited recently by a representative of the Biological Survey, was reported to be literally alive with ducks. From almost every section of Iowa ducks are reported to be plentiful. In the Green Bay section of Wisconsin there are said to be more ducks than ever before. Many more black ducks are reported in Maine than were seen last season. Along the New Jersey coast there also has been a big increase.

VALUABLE POULTRY

A lady in the city remarked yesterday that her neighbor had 180 turkeys and had an offer of \$1300 for them. They are of a good breed and in fine shape for the approaching Thanksgiving anniversary. The Journal will not divulge the name of the lady who owns the turkeys nor mention the place of her residence lest the information tempt someone without the fear of the law before his eyes to steal some of the fowls.

DAVID AND JONATHAN

A continuation of friendship and brotherly love between these men in motion pictures, Westminster church Sunday night. All invited.

ILLINOIS COLLEGE TO STAGE BIG CARNIVAL

A big carnival will be staged at the Illinois college gymnasium next Wednesday night, under the auspices of the college Y. W. C. A. This event is being planned to be an unusual carnival, and will have many weird and fantastic attractions. Some of these include a gypsy palmist, a Rubber Lady, Dinty Moore's free lunch and a crystal gazer.

The whole college is co-operating excellently with the Y. W. C. A. as this organization needs the money to make up a deficit in its annual budget.

The committee on this is chair-manned by Miss Frances Strawn, the cabinet treasurer, and includes Misses Gladys Knapp, Virginia Spink, Marian Spruit, Alice Carter, Lois Brown, Blanche Tripp, Christine Six, Eugenia Woodman, Anna Darley and Vivian Yell Dell.

AN ASSEMBLAGE OF BIG MEN

Distinguished statesmen, scientists and others of note have always been conspicuously present at the International Live Stock Exposition, which this year will be held at the Union Stock Yards, Chicago, Nov. 26th to Dec. 3rd. Several foreign ambassadors to the United States have announced an intention to attend the 1921 Exposition indicating international interest in the subject of improvement of domestic animals and maintenance of meat supplies so essential to adequate nutrition of the inhabitants of the temperate zones.

The Ministers of Agriculture of most of the Canadian provinces will also participate. Mexico will send a representative and delegates from half a dozen South American countries are on the way, the "International" having developed an export trade in pure bred cattle, swine and sheep with the southern half of this continent. It is possible that representatives of foreign countries will also embrace the opportunity to visualize what the breeders and feeders of this country are doing in the sphere of economical production and quality improvement, which are interlocking propositions.

Secretary of Agriculture Wallace will spend several days at the Exposition, affording an opportunity to live stock growers to get acquainted with the man who is occupying a broader field than any incumbent of that office since the days of "Jerry" Rusk of Wisconsin, who created the department.

Box Social at Kinman school tonight, 7:30.

Miss Melissa Henson of Franklin spent the day in the city yesterday calling on friends.

Hal Manning was a caller in the city yesterday from Rood.

Earl Battelfeld and wife from near Bluffs were visitors here Tuesday.

Clarence Brown is now the owner of the dray line having bought out Sam Kuhlman.

IS DOUBTING THOMAS NO LONGER

"All medicines and doctors for stomach trouble proved worthless in my case. Everybody recommended something else and nothing helped, so I became a doubting Thomas as to any cure. While in St. Louis a party praised Mayor's Wonderful Remedy so highly that I bought a bottle and I am now a doubting Thomas no longer. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

MRS. MARY WILHELM
Pittsburgh, Pa.

"No matter what I should have about Tanlac, it wouldn't be half good enough," said Mrs. Mary Wilhelm, 716 Mint Way, South Side, Pittsburgh, Pa.

"I never dreamed it possible for a medicine to restore me to the splendid health I now enjoy. In fact, I had almost resigned myself to being an invalid, as I could see I was losing weight and strength every day, and no relief was in sight. For three years stomach trouble, headaches and nervousness made my life miserable.

"The first bottle of Tanlac acted almost like magic and it wasn't long until I was so well and strong that I could hardly realize I had ever known a sick day. I am like a different person in every way now, eating, sleeping, feeling and looking better than in years." Tanlac is sold in Jacksonville by J. F. Shreve, Druggist, and by leading druggists in every town.—Adv.

DOCTOR STAFF MAKES TRIP TO ST. LOUIS

Dr. L. E. Staff left Thursday morning for St. Louis to attend the Missouri state osteopathic convention to be held at the Hotel Statler, Thursday, Friday and Saturday of this week.

"Ideas Are the Precious Jewels of Business"

Back in the Spring of 1902, at Kemmerer, Wyoming, an idea was born! It was strong, healthy, courageous! It was destined to grow; to become Nation-wide in all the things that combined, go to make the shoppers' store superior.

It was the idea—the precious jewel of business—from which was to develop the long line of 312 J. C. Penney Company busy stores, located here and there in 26 States.

That idea of nearly 20 years ago introduced a merchandising and selling policy of quality, service, economy—a policy that has weathered the storms and attracted hundreds of thousands of admirers. It is the policy that is carrying on to even greater, more remarkable achievements!

Through this great system of stores—a purchasing power of tremendous proportions—savings created and given to the public—store service that really serves—is afforded buying advantages every man, woman and child regards as a profit and a pleasure.
